

CUT TEUTON RAIL LINE IN MACEDONIA

British Scatter or Trap All Turkish Forces in Palestine--25,000 Prisoners

LIBERTY LOAN TERMS GIVEN OUT FOR PUBLIC

Will Be Dated Oct. 24, Five Days After Subscription Period  
PROBABLY BE \$6,000,000,000  
Large Proportion of Baby Bonds to Be Printed for Small-Takers

WASHINGTON, Sept. 20.—All terms of the fourth Liberty loan except the size and the maturity, were announced today by the treasury. The amount, probably near \$6,000,000,000, was decided on but announcement was withheld.

The interest rate will be 4 1/4 per cent, the same as that of the third loan. Bonds will be dated October 24, five days after the close of the subscription period, and the first interest payment will be made next April 15, and will be for the 175 days intervening. Thereafter, semi-annual payments will be made October 15 and April 15. On a \$100 bond, the first interest coupon will be worth \$1.01, on \$100, \$2.02 and higher multiples accordingly.

Both coupon and registered bonds will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$10,000. The \$50, \$100 and \$1,000 bonds will be registered only.

Since the latest maturity periods of the first, second and third loans were 30, 25 and 10 years respectively, it was considered probable that the maturity of the fourth loan would be either fifteen or twenty years.

Ten per cent of the subscription will be required as the initial payment on the fourth loan. Twenty per cent will be due as installment November 15, December 15 and January 15, and 80 per cent January 30.

Terms of the loans were communicated today in which were printed and within a few hours 500,000 finished bonds were ready for shipment. The bureau plans to print about \$3,000,000,000 separate bonds for the fourth loan, with a large denomination than in previous issues, in anticipation of a multitude of subscriptions from persons of small means.

**Liberty Train Starts**  
SAN FRANCISCO, Sept. 20.—The Liberty Loan special train which was sent out from Oakland today as an advertising feature of the fourth Liberty loan, is being headed a big reception at every stop, according to word reaching here.

Crowds were on hand to greet the train at Hayward and Livermore, the first stops. Private Dwight Hawley, who was in the fight at Chateau Thierry, was the principal speaker.

Other points to be visited today are San Jose and Fresno. It will reach Fresno October 1.

The train will tour California, Arizona and Nevada.

PACIFIST SENATOR NOT ASKED THERE

Oklahoma Democrats Refuse to Have Gore at Convention

OKLAHOMA CITY, Okla., Sept. 20.—United States Senator Thomas P. Gore was not invited to address the Democratic state convention here today although he was in the city.

A resolution asking him to address the convention was prepared, but it was withheld because sentiment apparently was so strong among the delegates against the senator and his record in opposing war measures.

In a statement Senator Gore said: "I should be the last to become the apple of discord or throw a firebrand into these times of tragedy and personalities are everything."

"While our brave boys are carrying democracy and its blessings to the rest of the world we must conserve democracy and its blessings at home. The right of free thought, free conscience and free speech is what they are carrying to the millions of the earth."

The platform adopted in Indiana woman suffrage, national prohibition and declares for victory in the war.

BRISBANE PROBE SENATORS NAMED

WASHINGTON, Sept. 20.—The Senate's investigation of propaganda and political activities of brewery interests, with particular reference to the purchase of the Washington Times by Arthur Brisbane, was interrupted by the Judiciary committee today in a subcommittee headed by the chairman, Senator Overman of North Carolina, and including Senators King of Utah, Walcott of Delaware, Nelson of Minnesota, and Sterling of South Dakota.

H. GRAFF, FRESNO MERCHANT, DIES SAN FRANCISCO

Fresno merchant, who died early this morning in San Francisco, following severe injuries received several weeks ago in an automobile accident in Kern county.

Hans Graff, president of H. Graff and Company, died at the Parnassus Hospital in San Francisco, at 1 o'clock this morning, following an operation for an infection of his gall bladder. The operation was performed at 5 o'clock last night. Mr. Graff appeared in rally from the effects but took a sudden turn for the worse just before 1 o'clock and died within a few minutes.

An automobile accident on August 25, was directly responsible for his death. Mr. Graff, accompanied by his wife, his daughter, Agnes, his son, Lieutenant Chester Graff and his daughter-in-law, Mrs. Arthur Graff and baby, while en route from Los Angeles to Fresno, by automobile, attempted to pass a stage on the Tejon road over the Tehachapi mountains. The automobile rolled more than 100 feet down the embankment. All of the members of the party were more or less injured, but Mr. Graff was found to be the most seriously hurt. He was taken to the San Joaquin hospital in Bakersfield, where it was found that his pelvic bone had been fractured.

San Francisco, and soon after he died of a very high fever. Efforts to check the fever met with varying success and the doctors finally decided that an operation offered the only possible chance of saving his life. This was the operation performed last night.

It was known several days ago that his condition was very serious and all members of his family were at the bedside.

Mr. Graff was born in Denmark 55 years ago. He came to the United States as a very young man, and for a time before coming to Fresno, was employed by the old Market Street Railway of San Francisco.

He came to Fresno about 20 years ago, entering the employ of Louis Einstein and Company, in the grocery department. W. T. Mattingly was employed in that department at the time.

Graff remained with the Einstein Company for about four years and then established a grocery store at the corner of 19th and J streets, with H. A. Hansen and Nis Johnson as partners.

He has been engaged in business for himself ever since.

Mr. Graff was president of H. Graff and Company, vice president of the Fresno Building and Loan Association, a director of the California Associated Raisin Company, a director of the Danish Creamery Association, a member of the board of trustees of the Fresno Normal School, a member of the Chamber of Commerce, Commercial Club and Merchants' Association.

In his religious life he was a Lutheran, being a member of the Danish Lutheran church of Fresno.

He was a prominent member of the Odd Fellows and was also high in local Masonry.

He is survived by his wife, two sons, Lieutenant Chester Graff of the United States army, Arthur Graff, and one daughter, Agnes Graff. He is also survived by a brother, John Graff, a well known rancher of Fowler.

**Erzberger Plan**  
AMSTERDAM, Sept. 20.—A draft of a constitution for a league of nations worked out in detail by Matthias Erzberger, clerical member of the German Reichstag, is published in the Vossische Zeitung of Berlin. It is taken from the official "The League of Nations: the way to peace" which Erzberger soon will publish.

The first section of this constitution, dealing with the organization of such a league, says: "The sovereign states can enter the league, which shall be considered to have been formed when the following powers are among those who have announced adherence: Germany, Great Britain, France, United States and Russia. The league would be the next of the league and there the international bureau would conduct its business. Each state, with the approval of its parliament, would appoint one delegate. The international bureau would be controlled by a permanent administrative council, consisting of the representatives of the federated powers, with the Dutch foreign minister as chairman."

Dealing with fundamental laws, the second section says:

"The league shall guarantee the territorial possessions of each federated state as well as undisturbed possession of colonies. Each state would be independent in the conduct of its internal and foreign affairs within the limits of the league's constitution."

States whose governments, with the assent of their parliaments, declare their permanent neutralization would be recognized by all members of the league as permanently neutral and would enjoy the league's protection. All available means would be used against any federal state outside of the league which attacks a federal state or takes arms without having applied to the arbitration court or awaited its judgment.

Members of the league will mutually undertake to cut down and steadily reduce their land, naval and aerial forces. They would further undertake not to use their forces for any other objects than the maintenance of internal order, defense of their territory against attacks and for joint execution of the league's mandates.

**Division of Exports**  
For the decade after the foundation of the league, each state's surplus of raw materials would be divided between the other federal states, according to a standard to be agreed upon.

Members of the league would recognize freedom of the seas, straits, and canals, and connecting seas both banks of which are not in possession of the same federal state would be internationalized and their fortifications retained, guarded by a common garrison consisting of contingents from all the federated states and commanded in rotation every three years by a delegate of the states.

Safety of private property on the high seas would be proclaimed and the naval prize law and blockade law abolished. Exercise of the right of blockade would be reserved to the league and only to league for use against federal states which violate the league's constitution and against any state not belonging to the league which takes up arms against the neutralized state. Overseas cables would be controlled by a commission of the league.

HELFFERICH TO TAKE PART IN PEACE OFFENSIVE

FLETCHER CALLED BACK FROM MEXICO

AMSTERDAM, Sept. 20.—A despatch received here from Berlin says the resignation of Dr. Karl Helfferich as ambassador to Russia has been accepted. Dr. Helfferich announced his readiness at the chancellery's wish to resign economic propositions for the peace negotiations.

MEXICO CITY, Sept. 20.—Henry P. Fletcher, the American ambassador, is leaving on a trip for Washington, presumably for a conference with state department officials over the expected reply of the American government to the Mexican government's reply to the recent protest by the American government against Mexico's oil decree. It is expected that the recent embargo by the United States against the exportation of news print paper to Mexico also will be discussed.

PARLIAMENTISM GERMAN FAKE TO LURE ON ALLIES

Is British View of Movement Now Being Led by Erzberger  
CENTRIST CHIEF HAS NEW PLAN  
Announces Scheme by Which League of Nations Would Be Formed

LONDON, Sept. 20.—Although reports of a German political crisis arising from the supposed movement for parliamentarization of the government are printed in greater or lesser length in the papers here, the whole thing is mostly regarded as merely an integral part of the German "peace offensive."

The Telegraph, discussing the rumors says this is the eighth political "trick" in the course of the war and adds "all of them have left things very much as they were before."

The newspapers generally ignore the reports editorially but the view widely taken is expressed by the Graphic, which describes the discussion now filling German newspapers as a "stratagem to lure the Allies into making peace by depicting Germany as a democracy. The Graphic believes that the error is following the example of some of the Hohenzollern predecessors and is gladly playing his part in the 'game' which is about to be re-staged with the Centrist majority and the Socialists as joint players."

The inwardness of the move, the newspaper adds, is that Matthias Erzberger, leader of the Socialists, and his followers to assist imperial chancellor Von Hertling and secure the center of the stage as peace makers for Germany.

"Altho' democratic ideas are led to believe it would be quite safe to negotiate with a German parliamentarian government," the Graphic says, "the whole movement is clearly preparing the way for a re-statement of the notorious re-chast resolution in regard to the League of Nations. The Allies have forgotten how completely that sham has been exposed."

**Erzberger Plan**  
AMSTERDAM, Sept. 20.—A draft of a constitution for a league of nations worked out in detail by Matthias Erzberger, clerical member of the German Reichstag, is published in the Vossische Zeitung of Berlin. It is taken from the official "The League of Nations: the way to peace" which Erzberger soon will publish.

The first section of this constitution, dealing with the organization of such a league, says: "The sovereign states can enter the league, which shall be considered to have been formed when the following powers are among those who have announced adherence: Germany, Great Britain, France, United States and Russia. The league would be the next of the league and there the international bureau would conduct its business. Each state, with the approval of its parliament, would appoint one delegate. The international bureau would be controlled by a permanent administrative council, consisting of the representatives of the federated powers, with the Dutch foreign minister as chairman."

Dealing with fundamental laws, the second section says:

"The league shall guarantee the territorial possessions of each federated state as well as undisturbed possession of colonies. Each state would be independent in the conduct of its internal and foreign affairs within the limits of the league's constitution."

States whose governments, with the assent of their parliaments, declare their permanent neutralization would be recognized by all members of the league as permanently neutral and would enjoy the league's protection. All available means would be used against any federal state outside of the league which attacks a federal state or takes arms without having applied to the arbitration court or awaited its judgment.

Members of the league will mutually undertake to cut down and steadily reduce their land, naval and aerial forces. They would further undertake not to use their forces for any other objects than the maintenance of internal order, defense of their territory against attacks and for joint execution of the league's mandates.

**Division of Exports**  
For the decade after the foundation of the league, each state's surplus of raw materials would be divided between the other federal states, according to a standard to be agreed upon.

Members of the league would recognize freedom of the seas, straits, and canals, and connecting seas both banks of which are not in possession of the same federal state would be internationalized and their fortifications retained, guarded by a common garrison consisting of contingents from all the federated states and commanded in rotation every three years by a delegate of the states.

Safety of private property on the high seas would be proclaimed and the naval prize law and blockade law abolished. Exercise of the right of blockade would be reserved to the league and only to league for use against federal states which violate the league's constitution and against any state not belonging to the league which takes up arms against the neutralized state. Overseas cables would be controlled by a commission of the league.

HOUSE APPROVES PROHIBITION BY VOTE OF 134 TO 27

Farm Appropriation Measure Still to Be Adjusted in Conference

WASHINGTON, Sept. 20.—National prohibition effective next July 1 for the period of the war was approved tonight by the House, which adopted 134 to 27, the Senate prohibition law for the \$12,000,000 emergency agricultural appropriation bill. The measure now will be sent to conference for adjustment of differences between the two houses on an appropriation item.

After voting in the committee of the whole to accept an amendment permitting the importation of wine until next May 1, the House later reversed its decision and by a vote of 121 to 35 rejected the original Senate provision that importation of wine must cease when the measure becomes effective upon its signature by the President. The amendment was approved by the House agriculture committee to meet an objection by the governments of France, Italy, Spain and Portugal.

All efforts to amend the legislation were defeated. A proposal by Representative Kahn of California, Republican, to extend the effective date for prohibiting the sale of wine and beer from December 31, 1919, was defeated 112 to 52, as was one by Representative Beshin, of Pennsylvania, Democrat, to change the date for stopping the manufacture of beer and wine from next May 1, to December 1, 1919.

**Caruthers Recruit in American Navy Dies, Maine Port**  
JONAS STOLMAN.  
Jonas Stolman, brother of Mrs. Caruthers, died of pneumonia in Rockland, Maine, Saturday, September 14. Stolman enlisted from Caruthers eight months ago as third fireman, and at the time of his death was a second class officer on the U. S. S. Albatross. He will be remembered by friends in Rhode Island, where he worked in the meat market for four years. Funeral services will be held Sunday afternoon at his home in Kennebunk, North Berwick, where he leaves a father, mother, one sister and two brothers, besides two sisters, Mrs. Jensen of Caruthers and Miss Doris Stolman of Fresno. Stolman was 25 years old. This is the first gold star on the Caruthers service flag.

SERBS CAPTURE 10,000 PRISONERS; BULGARS RETREAT

French and British Guards Win Very Critical Ground on Hindenburg Line

Disaster has overtaken the Teuton in all fields. In Palestine the Turks are all but absolutely crushed; in Macedonia the Entente forces are harrying their foes and threatening them with similar disaster; in France the British and French troops slowly, but surely, are eating their way into the vital of the German defensive positions, the collapse of which would result in important changes all along the western battle front; and in eastern Siberia the Japanese have made additional strides forward in the process of reclaiming that territory for the Russians.

In all the theaters of the war, the Entente Allies have the initiative in their hands and are pressing their advantage vigorously. The Germans and their allies now here are unable to do more than stand on the defensive. And in Palestine and Macedonia their efforts in this respect have proved sorry ones.

**Trapped in Palestine**  
From north of Jerusalem to the sea of Galilee, in the territory lying between the river Jordan and the Mediterranean sea, the Ottoman forces have been caught by the swift drive of the British armies and virtually annihilated. Added to the heavy casualties suffered by the Turk, border of them were made prisoner and many more are wandering bewildered, without leaders, in the hills, eventually to be brought in to swell the great total. At last accounts more than 25,000 of the sultan's soldiers and 250 guns and large quantities of war stores were in British hands.

**Constantinople Bombarde d**  
To add to the demoralization of the Turkish morale, Allied aviators are carrying out successful bombing raids against Constantinople.

Over a front of eighty miles in southern Serbia, from Monastir to Lake Doiran, the Entente troops are vigorously assailing the Bulgarians and Germans. Already in the swift drive in the center a great spearhead has been pushed across the Isthmus Pelopon, covering communications between the Bulgarian army northeast of Monastir and that in the Lake Doiran region. Unofficial reports are to the effect that the Serbs have taken between 9,000 and 10,000 prisoners and 129 guns.

**Cut Balkan Railway**  
In the region between Monastir and the Vardar the enemy troops are in full retreat before the Italians, French and Serbians, while west of Doiran the British are steadily hammering their way forward, driving the enemy northward toward the Bulgarian frontier. Already the enemy line from Doiran to a point west of the Vardar has been evacuated. This force of the enemy, with the railroad of the north severed, is in danger of an enveloping movement until it turns sharply eastward and passes into Bulgaria through the mountains.

**Win Critical Ground**  
Not so spectacular, but of vital importance, have been the operations of the French and British from the south of St. Quentin to Cambrai. Both the French General Debussy and Field Marshal Haig have won high, essential ground in the maneuvers which have as their objective the obliteration of the Hindenburg line, the center of St. Quentin and the driving of the German line at Laon. South of St. Quentin the French have advanced their line to the neighborhood of the line canals, west of Cambrai, and now completely outflank St. Quentin on the south and La Fere on the north. Meanwhile Field Marshal Haig, north of St. Quentin, around the village of Epehy, has taken strong positions from the enemy.

In eastern Siberia the Japanese have captured Blagovestchensk, capital of the province of Amur, and also the town of Alexievsk, 2,000 Austro-German troops surrendered.

JUGO-SLAV ARMY NOW ON VARDAR

LONDON, Sept. 23, 5 p. m.—The Serbians have captured between 9,000 and 10,000 prisoners and 129 guns, the Evening Standard says it learns.

LONDON, Sept. 23.—Serbian troops have cut the main railway line between Laon and St. Quentin, and are on the western bank of the Vardar river, according to the Serbian officials' statement of Sunday.

West of the Vardar, the Serbians have cut the railway line to Prilep, which is the main line of German communication in this region.

Serbian infantry units now are in the mountainous regions and advanced twenty-five miles in one day. The number of prisoners and the amount of war material captured increases daily.

The neighboring German and Bulgarian sectors now are feeling the loss of their communication lines. Enemy reinforcements have been forced to retreat.

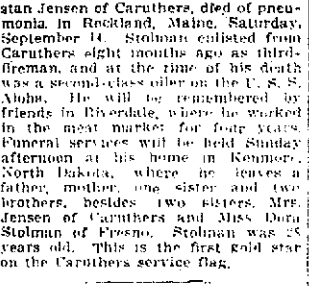

Since September 14, the Serbians have advanced forty miles.

The statement reads: "Serbian troops in a victorious advance are forcing the German and Bulgarian reinforcements to retreat. The Serbian troops this morning (Sunday) reached the river Vardar and cut the main railway line between Laon and St. Quentin."

"Our troops have crossed the Grunna (the Drenka mountain range) and have cut the railway between Grunna (southeast of Uzbuk) and Prilep, which is the main line of communication of the German army."

"All the surrounding enemy sectors are feeling the consequences of having their lines of communication cut. Our advance from September 15 up to today amounts to a total of 65 kilometers (40 miles)."

"Infantry units now have reached the highest part of the very mountainous region and advanced 40 kilometers (25 miles) in one day. The number of prisoners and the volume of war material is increasing constantly."

RULE AGAINST WOMAN CARMEN

CLEVELAND, Ohio, Sept. 20.—Women shall not be employed as conductors on Cleveland street cars on or after November 1, 1918, is the decision of Horst B. Dielman, and Miss Margaret Hansen, Federal investigators for the Department of Labor, in a report to President Stanley of the Cleveland Railway company, received today.

The investigators found that the labor situation in Cleveland does not demand the employment of women.

The question went to investigators following a threatened strike of 2,500 union street car employees as a protest against the employment of women conductors.

Both the company and the employees agreed to stand by the decision of the investigators.

Pending the decision nearly 200 women have been employed as conductors.

TEN MILLIONS IN WAR ZONE TO BE GIVEN FOOD

WASHINGTON, Sept. 20.—Ten million inhabitants of the German occupied portions of France and Belgium will be supplied with food during the next twelve months by the commission for relief in Belgium, according to announcement tonight by Herbert H. Hoover, chairman. Carrying out of this program will mean the expenditure of approximately \$28,000,000, supplied through the extension of credit to France and Belgium to cover purchase of foodstuffs in the United States.

Chairman Hoover announced that 30,000 tons of shipping recently obtained from the Swedish government have been placed at the disposal of the commission.

Foodstuffs will be purchased through the food administration.

In supplying clothing it was said, rescue must be had this year to save the winter clothing of the war zone. Shortage in clothing. About 20,000 tons of clothing will be needed during the year. Collection of second-hand clothing will be made by the American Red Cross in a campaign soon to be started.

**NEW CABINET MAY EFFECT REFORMS**  
No Change in Japanese Policy in Siberia Is Expected  
WASHINGTON, Sept. 20.—While the resignation of the Teruchi cabinet is expected to result in important changes in Japanese administrative policies, officials here who have closely watched and issues in Japan, expressed the opinion that these will manifest themselves principally in the direction of internal reforms and will not affect the relations between Japan and the United States or cause any substantial change in the plans for co-operation between the two countries regarding the extension of aid to the Czechoslovaks.

Plans of military action in Siberia formed lastly to meet the emergency created by the Japanese evacuation of the Czechoslovak army from the Czechoslovak territory by armed forces of the Czechoslovak army, and by the German and Austrian prisoners of war are very limited in scope. Beyond the relief of the Czechoslovak army there is no definite agreement as to further the role of the international troops. Reconstruction of the eastern front in European Russia, or even in western Siberia, has been discussed as a military possibility, but only in an informal way. It is believed that the new government in Japan will be content in the immediate future at least, to follow the policy in regard to Siberia laid down by its predecessor.

If it is taken for granted here that the Teruchi cabinet, which has opposed the formation of a new government, while numerically stronger than any of the Japanese parties, the Sei-Yu-Kai is not expected to be able to command a pure party majority in the diet. The head of the party has been Marquis Salomon, formerly premier, but on account of his advanced age it is thought probable that executive leadership may devolve upon Mr. Hatoyama, one time in the cabinet.

The Sei-Yu-Kai party is progressive and may expect friction with the imperial council of elder statesmen. If it is able to carry out even a few of its principles, grave and important changes in the Japanese form of government in the direction of liberalism may follow. Japan never has had a cabinet responsible to the legislative branch, but in the opinion here, this aim of the Sei-Yu-Kai party is now within measurable reach.

**JAPANESE TAKE AMUR CAPITAL**  
Two Thousand Austro-Germans Reported to Be Prisoners  
LONDON, Sept. 23, 5 p. m.—(By The Associated Press.) Blagovestchensk, capital of the Siberian province of Amur, and Alexievsk have been occupied by Japanese cavalry, according to information received by the Japanese embassy. Two thousand Austro-German troops were taken as prisoners. They laid down their arms at Koksai, a point on the Amur river reached by Blagovestchensk the following day.

Koksai, where the Austro-Germans laid down their arms, is on the right bank of the Amur opposite Blagovestchensk.

Another enemy formation has retreated to the upper reaches of the Zlyn river.

**FARLEY FUNERAL**  
NEW YORK, Sept. 20.—The highest dignitaries of the Roman Catholic church in North America, prominent laymen, and representatives of the military and naval forces of the United States and Allies will join here tomorrow morning in paying a final tribute to the late Cardinal John M. Farley, archbishop of New York, whose funeral will be held at St. Patrick's cathedral bank of the river Vardar, according to at 10 o'clock.

**BRITISH-GREEK ARMIES ADVANCE**  
LONDON, Sept. 21.—Between the Vardar river and Lake Doiran, on the eastern end of the Macedonian front, British troops have reached the line of Kura Oztulma and Ilamail, and the advancing on Miroslav on the western bank of the river Vardar, according to at 10 o'clock.

**Have Full Quota of 1036 Nurses**  
SAN FRANCISCO, Sept. 20.—The Pacific division of the Red Cross has reached its full quota of 1036 Red Cross nurses for overseas service following the call of Surgeon General Gorgas for 27,000 nurses. Red Cross headquarters announced here today. Nurses are still being enrolled in the district which includes California, Arizona and Nevada.

**PRICES IN MEXICO**  
MOBILE, Ala., Sept. 20.—Passengers arriving here today from Progress, Mexico, report that flour is selling there for \$2 per pound; eggs, 2 cents apiece; young chickens, \$2.50 each; and old \$3.00 per ton, with \$10 added for delivery.

## PUTS DENMARK TO WORK ONCE MORE

Agreement With United States Furnishes Goods for Factories

COPENHAGEN, Sept. 23.—The Social Democrats in another article dealing with the signing of the commercial agreement between Denmark and the United States, notes with the greatest satisfaction that the American promise of supplies will to a great extent alleviate the unemployment situation.

Representatives of the various trades unions were asked by the newspaper what the effects of the agreement likely would be. The answers, which are printed today, are all expressive of gratification and the hope that the supplies will come soon.

Lauritzen, a member of the freight board, said the board had made all arrangements in view of the new situation. The necessary tonnage already was available to bring goods to Denmark, he added.

The president of the tobacco workers' union, Christian Jensen, said that since September, 1917, the tobacco trade had been badly off. In September, 1917, the employment was cut 4.47 per cent and it had steadily increased and was now 40 per cent. The tobacco promised, he added, would cover 80 per cent of the normal consumption, but everything depended on getting the goods quickly as a remedy for the unemployment.

The assertion was made by the textile workers' union that to keep the cotton spinners going 100 bales were wanted daily.

The quantity promised, therefore, was half the actual needs. It was added that 2000 tons of yarn would materially better the situation.

The Social Democrats conclude by saying that the agreement between Denmark and the United States is of paramount importance in offsetting the unemployment situation and that the trades unions should be consulted as to what goods should be imported first.

## NEW YORK WOMAN DOCTOR GETS JOB IN FRENCH ARMY

Western Newspaper Union.

Dr. Caroline Sanford Finley of New York City, who with two other women physicians, Dr. Anna I. Von Shelly and Dr. Mary Lee Edward, was decorated by the French government for excellent surgical work performed under heavy bombardment in France and received a lieutenant's commission in the French army. The three women were at the head of an overseas unit financed by the National Suffrage Association. Dr. Finley is a Cornell graduate and was associated with the New York Infirmary for Women and Children in East Fifteenth street, New York City.

## GERMAN POSTER AGAINST GERMANY

Sneers at American Army to Be Used in Loan Drive

WASHINGTON, Sept. 23.—A poster issued by the German government sneers at the United States contribution to the war and bolsters the falling spirits of its people has been reproduced by the Liberty loan publicity bureau and two million copies will be distributed during the fourth Liberty loan campaign which opens Saturday.

Intended solely for consumption within Germany, the poster will get far wider circulation, resulting in the enemy's publicity being turned against him. The poster was forwarded by an American in Switzerland.

"Can America's entry make a decision in the war?" is the poster's title, and with diagrams showing a small American army and a small merchant marine, the pamphlet interlardedly answers "No."

"Russia's army of millions could not down Germany," argues the poster. America threatens to send transports of one half million men, but it cannot ship them.

These words are described on a scroll held by a cadaverous looking Uncle Sam, alongside a Russian soldier appearing immense in comparison. At the time the poster was displayed through Germany last July, more than one million American fighting men already were in France, and this number soon will be doubled.

"England's sea power and England's merchant marine have not decided the war," says the poster. "America can increase her gross registered tons for 1918 by more than two or two and a half millions; our U-boats sink twice as quickly as America can build."

The lines accompany a diagram of Uncle Sam holding a toy boat, contrasted with a big ship representing England's merchant marine. The poster also shows a great fleet of ships, more than twice exaggerated, represented as necessary to transport a single regiment. A French poster appealing to the French to save food in order to hasten the transportation of American soldiers is reproduced by the German sheet with the comment "Also the Allies are beginning to have their doubts."

Alongside the translation of the German poster, the circular issued by the loan publicity organization presents statements of fact refuting the enemy allegations and concludes with Secretary McAdams' assertion that "the fourth Liberty loan in the barrage which will precede the victorious thrust of our army."

In hundreds of communities today the Liberty loan speaking campaign has started, in an effort to gain momentum for the opening day, Saturday, when subscriptions will be received.

## TWO LIVINGSTONES CAUGHT, VENEZUELA

Whole Family Concerned in Evasion of Draft Law

PANAMA, Sept. 23.—Although they fled from Panama through Central America to Venezuela to evade the draft, Robert and Benjamin Livingstone of Los Angeles, have been apprehended by agents of the American government. The men were arrested while traveling in Venezuela with their mother. They were under assumed names and had passports in San Salvador. They will be returned to California.

LOS ANGELES, Sept. 23.—Robert Livingstone, reported to have been arrested with his brother Benjamin while traveling with their mother in Venezuela, was sought by the Federal authorities here as a draft evader. His brother Benjamin forfeited a bond of \$10,000 given to insure his appearance in Federal criminal court and arising out of Robert's alleged attempt to evade military service.

The Livingstone family, consisting of Nathan M. Livingstone and Matilda Livingstone, the parents, three sons and two daughters, formerly owned and operated two shoe stores here and occupied a handsome home. The oldest son, George Washington Livingstone, left for Costa Rica before the draft became effective. Robert left after registering, and his parents were indicted for having falsified his exemption claim affidavits. They evaded arrest on indictment, and the two daughters were arrested, charged with having assisted in such evasion.

It was found at that time that the daughters and Benjamin all had passports to San Salvador. The man was required to deposit his passport and \$10,000 bail for appearance. The women's passports also were called in and each of them required to give \$2,500 bond. They abandoned the passports, forfeited their bonds and fled. It was reported at the time that they were going to join the other brothers and their parents in Central America. They sold their properties here before leaving. The Federal authorities here instituted a world-wide search for them. They said today that they believed the arrests had probably been made by naval agents, and that on the school grounds here following a running fight with officers, in the attendant excitement, it was first reported that the Mexican was Harrison's slayer, but this was later disproved.

## WATCHMAN KILLED AT ARIZONA MINE

JEROME, Ariz., Sept. 23.—Horace Harrison, head watchman of the United Verde Copper Mine here, was shot and killed early today by an unidentified Mexican who was called to halt by the watchman and instead fired one shot, killing the latter. An hour later another Mexican, identified as Gabriel Acero, a miner, was killed on the school grounds here following a running fight with officers, in the attendant excitement, it was first reported that the Mexican was Harrison's slayer, but this was later disproved.

After the shooting of Harrison, the officers began forming a posse which later began an uncompleted hunt for his assailant. At the same time Fred Hawkins, a deputy sheriff, Harry Carlson, a deputy United States marshal, and City Marshal J. C. Crowder attempted to stop demonstrations with firearms by another group of Mexicans and in the ensuing fight, Acero was killed after he had wounded Marshal Crowder four times and broken through a line of police. A bullet striking the commander-in-chief of the army group, went from division to division.

## GENERAL GODLEY BRITISH VETERAN OF DARDANELLES

Western Newspaper Union.

Major General Sir Alexander John Godley was with the British forces during the Dardanelles campaign from 1914 to 1916. He was a member of the Royal Dublin Fusiliers in 1885, special service in South Africa from 1899 to 1901, with the Irish Guards in 1900 and in New Zealand in 1910. He was staff officer for General Baden-Powell and Plummer, he was commander of the Royal Dublin Brigade, colonel of the general staff, second division, 1906, major general of the Imperial general staff.

## ACCUSES WILSON OF POWER GREED

Burian Declares Himself Not Disappointed at Reply to Note

AMSTERDAM, Sept. 23.—(By the Associated Press).—In an interview given to a Berlin newspaper, Baron Burian, Austro-Hungarian foreign minister, said that he was not surprised at the reception of his peace note; naturally he did not expect that the Entente would straightaway declare readiness to enter into peace negotiations.

"The situation in the present," continued the minister, "is sometimes necessary to clarify things by means of reagents. The note was such a reagent. It has already produced remarkable phenomena and will do so still more in the near future. The war is the result of the power greed, was the remarkable rapidly of President Wilson's reply. Clearly, President Wilson wanted to anticipate the other Entente governments. He always had the ambition to be a world arbiter, and has not abandoned that ambition."

## THE WORLD WAR

NEW YORK, Sept. 23.—The liberation of Palestine by the British forces will be celebrated here by a demonstration at Carnegie hall next Sunday night at which Secretary of the Navy Daniels is expected to speak. It was announced today at a Zionist Council of Greater New York.

Significance is added to the celebration by the fact that the Jewish legion, probably including the American contingent, is actively participating in the Palestine drive, which so far has liberated all of Samaria and parts of lower Galilee. The capture of Elar-Saba has brought relief to 2,000 starving Jewish refugees, who fled before the advancing Turks to that place, it is stated.

British gains of fifteen miles further north will result in the liberation of all the Jewish colonies in Palestine.

## City Not Bombarded

PARIS, Sunday, Sept. 22.—The governor of Alsace-Lorraine visited Metz on Thursday last "to inspect the damage caused by the long distance bombardment," says a Havas dispatch from Basel today. The governor's purpose also was to visit the injured in the hospitals, the message says.

Dispatches from the American front emphasized the fact that there had been no bombardment of Metz, although the forts around it have been under fire and a shell occasionally has fallen in the vicinity of the city.

## Noted Flyers Lost

AMSTERDAM, Sept. 9.—(Correspondence of The Associated Press).—Germany's losses in the air now include many, if not most, of the star pilots whose names during the last year received continuous advertisement in the German communications. Fourteen of the airmen credited by the German reports with the most numerous victories have been killed or captured.

Germany's adoption of advertising method of all sorts of aerial performance by individuals has failed to provide the German air service lately with the stamp of pilot it desires. The largely increasing numbers of desertions from the German air service during the last few months is said to be due to a general lowering of morale in the service and dissatisfaction with a system by which it is alleged favoritism is shown to certain pilots.

## To Hold the Vosges

AMSTERDAM, Sept. 23.—"We will never let French or Americans through here," was the promise to Emperor William by his troops when he visited the Alsace-Lorraine front on September 19 and 20, according to Karl Hammer, favorite press agent of the Kaiser, in a Sunday dispatch to the Lokal Anzeiger.

The purpose of the visit was to thank the troops for having bravely held out, and, according to a possibly significant remark by the emperor's chronicler, "at the same time giving them inspiring words for the fresh fighting on the threshold of which we are perhaps standing southwest of the empire."

The emperor first visited the section between Mulhausen and Colmar, where, "in sight of the Vosges front, on whose heights and slopes the German positions run, and within hearing of the dull roaring cannon fire, Emperor William, conducted by Field Marshal Duke Albrecht of Wurttemberg, the commander-in-chief of the army group, went from division to division, camp to camp and hospital to hospital."

# ANNOUNCE PROGRAM FOR FAIR

## WIDE VARIETY OF ENTERTAINMENT OFFERED, AFTERNOON AND EVENING

The official program for Fresno District Fair week, which opens next Tuesday, October 1, was announced yesterday by C. G. Eberhart, secretary of the Fresno District Fair Association. The rodeo, harness races and auto races will be the sporting events of the week, but there will be a big variety of additional attractions, afternoon and evening, which will add greatly to the interest in the fair. The evening features will be the fireworks, community sing and specialty dances by Fresno young women.

### TUESDAY, OCT. 1

Grand opening—Flower show, stock show, auto show, poultry show, baby show, valley town exhibits.  
1:15 p. m.—Rodeo and Wild West Show. Indications point to this event equalling the California Rodeo at Salinas, or the Pendleton, Oregon, Round-Up.  
Event 1—Bucking horse contest, prizes \$200.  
Event 2—Bull-riding contest, prizes \$200.  
Event 3—Pony express race, prizes \$200.  
Event 4—Cowboy relay race, prizes \$200.  
Event 5—Cowgirl relay race, prizes \$200.  
Event 6—Roman race, prizes \$100.  
Event 7—Trick riding, prizes \$100.  
Event 8—Trick and fancy roping, prizes \$50.  
Event 9—Goal roping and tying contest, prizes \$140.  
Event 10—Cowboy's quarter-mile dash, prizes \$100.  
Event 11—Cowgirl's quarter-mile dash, prizes \$100.  
Event 12—Cowboy's free-for-all horse race, prizes \$100.  
Event 13—Cowgirl's free-for-all horse race, prizes \$100.  
Event 14—Wild horse or mule race, prizes \$140.  
Judging will commence in flower show, poultry show, baby show and town exhibits.  
4 p. m. until 8 p. m.—Time allowed for viewing Jazz Carnival and the most elaborate exhibits installed at any annual California fair.  
8 p. m.—Big free dance.

### WEDNESDAY, OCT. 2

"Fresno Day" (All stores and business places close at noon.) Also Selma, Fowler, Kingsburg and Malaga Day.  
Judging in livestock, poultry, fancy work, educational, agricultural and horticultural and baby show departments.  
1:15 p. m.—2:14 class pace, purse \$1000. Seven entries.  
2 p. m.—Aviator from Mather Field will arrive with message on behalf of Liberty loan drive.  
1:30 p. m.—Rodeo. (Similar program as Tuesday's). "Community Singing" of patriotic songs—afternoon and evening, led by church choirs and leading soloists. Music by Fresno and Selma bands.  
4 to 8 p. m.—Time allowed for visiting Carnival and the thousands of exhibits about the grounds.  
8:15 p. m.—"Folk Dancing." Fresno's most popular young ladies will appear each evening in artistic terpsichorean harmony.

### THURSDAY, OCT. 3

Sanger, Reedley, Parlier and Del Rey Day.  
Final placing of awards in various departments of exhibits.  
11 a. m.—Special lecture and demonstration at Boys' Agricultural Club booth.  
All Day—Special moving picture show directed by Fresno County Chamber of Commerce.  
1:15 p. m.—2:14 class, trot, purse \$1000.  
1:30 p. m.—Rodeo and Wild West Show—similar to program of Tuesday.  
4 p. m.—Livestock parade—the final exhibit cover here.  
4:30 to 8 p. m.—Time allotted for visiting exhibits and Carnival.  
8:15 p. m.—"Folk Dancing" (second installment). "The Spirit of America," featuring Miss Gertrude Eggert, and "The Samanitas."  
8:30 p. m.—Special fireworks program, including night war scenes. Big free dance.

### FRIDAY, OCT. 4

Children's Day—All schools closing at noon. Clovis, Kerman, Raisin City, Caruthers, Riverdale and Landon Day.  
All Day—Special moving pictures by Fresno County Chamber of Commerce—free. Also playground exhibits, Carnival and various attractions.  
Special meeting—California Swine Breeders' Association for stimulating increased pork production.  
1:15 p. m.—Rodeo and Wild West Show. Final awards in this big contest.  
All Afternoon—Daylight fireworks.  
4 p. m.—Head-on collision between two powerful automobiles driven by "The Devil" and "The Kaiser." This will be a genuine wreck never before seen in this part of the country. Don't miss it.  
4:15 to 8 p. m.—Time allotted for visiting exhibits and Carnival.  
8:15 p. m.—"Folk Dancing" (third installment). "Parisian Ballet" featuring eight chic young ladies.  
8:30 p. m.—W. E. Priestley, the biggest fireworks man in America, also instructor in war cantonments of explosives and signals, will direct the finest display of regular and war fireworks ever attempted.  
8:30 p. m.—Big free dance.  
Note—As mentioned in Wednesday's program, "Community Singing" is requested by our government to advance the morale and civil population as well as soldiers, will be featured each afternoon and night by patriotic singing, led by the prominent church choirs, the Fresno Male Quartet and our leading soloists, names of whom will be mentioned.

### SATURDAY, OCT. 5

Automobile Day, California State and Governor's Day, Editors Day, Coalings, Tulare County, Kings County, Madera and Merced Days.  
All exhibits—including stock show, machinery, automobile, manufacturers, poultry, educational, commercial and agricultural buildings in special showing.  
1:30 p. m.—Special "Community Singing" and "Four-Minute" speaking.  
2 p. m.—Our annual California Raisin Classics auto races under rules and sanction of the A. A. A. Official sanction No. 1101.  
Championship match race between R. C. Durant, California's young millionaire automobile manufacturer, and A. H. Patterson, well known to Fresnoans as the only man ever able to beat Earl Cooper on our track.  
E. M. Kuster, with a 16-valve Duesenberg, has claimed the winner of this race for Coast championship for a side bet of \$1000, and will be raced if accepted.  
Free-for-all race of three heats of 10 miles each between such drivers as Eddie Fulton, R. C. Durant, A. H. Patterson and three others to be selected. This is expected to be the best contest ever raced here.  
4 to 8 p. m.—Time allotted for visiting exhibits and Carnival.  
8:15 p. m.—"Folk Dancing" (fourth installment). "Military Maids," featuring twelve young ladies with military pep.  
8:30 p. m.—Big special dance program, "Community Singing" and Jazz Carnival.

### SUNDAY, OCT. 6

Children's Day—All schools closing at noon. Clovis, Kerman, Raisin City, Caruthers, Riverdale and Landon Day.  
All Day—Special moving pictures by Fresno County Chamber of Commerce—free. Also playground exhibits, Carnival and various attractions.  
Special meeting—California Swine Breeders' Association for stimulating increased pork production.  
1:15 p. m.—Rodeo and Wild West Show. Final awards in this big contest.  
All Afternoon—Daylight fireworks.  
4 p. m.—Head-on collision between two powerful automobiles driven by "The Devil" and "The Kaiser." This will be a genuine wreck never before seen in this part of the country. Don't miss it.  
4:15 to 8 p. m.—Time allotted for visiting exhibits and Carnival.  
8:15 p. m.—"Folk Dancing" (third installment). "Parisian Ballet" featuring eight chic young ladies.  
8:30 p. m.—W. E. Priestley, the biggest fireworks man in America, also instructor in war cantonments of explosives and signals, will direct the finest display of regular and war fireworks ever attempted.  
8:30 p. m.—Big free dance.  
Note—As mentioned in Wednesday's program, "Community Singing" is requested by our government to advance the morale and civil population as well as soldiers, will be featured each afternoon and night by patriotic singing, led by the prominent church choirs, the Fresno Male Quartet and our leading soloists, names of whom will be mentioned.

### MONDAY, OCT. 7

Children's Day—All schools closing at noon. Clovis, Kerman, Raisin City, Caruthers, Riverdale and Landon Day.  
All Day—Special moving pictures by Fresno County Chamber of Commerce—free. Also playground exhibits, Carnival and various attractions.  
Special meeting—California Swine Breeders' Association for stimulating increased pork production.  
1:15 p. m.—Rodeo and Wild West Show. Final awards in this big contest.

## CHORUS OF 500 TO LEAD ALL SINGING

### Anyone Who Can Carry Tune Is Invited to Join

The first rehearsal for the community sing to be given at the Fresno District Fair next week, was held at the Fresno Auditorium last night. The next and final rehearsal will be held at the same place next Monday night. The singing will be under the direction of Charles E. Rykert, musical director of the First Baptist church. He expects to have a chorus of 500 for fair week and an invitation is extended to anyone who desires to sing, to join the chorus at the Auditorium next Monday night. The personnel will not be limited to members of church choirs or linked singers, but is open to anyone who can carry a tune and wants to sing.

At these community sing, which will be held three nights of the week, on the afternoon of Saturday, October 5, the closing day, the chorus will merely lead. The public will be expected to participate in the singing.

Popular patriotic songs, with bass, tenor and alto parts, will be featured in one or two of the later war songs such as "Over There," "The Spirit of America," "The Samanitas," etc., mentioned in our regular program to follow.

### SATURDAY, OCT. 5

Automobile Day, California State and Governor's Day, Editors Day, Coalings, Tulare County, Kings County, Madera and Merced Days.  
All exhibits—including stock show, machinery, automobile, manufacturers, poultry, educational, commercial and agricultural buildings in special showing.

1:30 p. m.—Special "Community Singing" and "Four-Minute" speaking.  
2 p. m.—Our annual California Raisin Classics auto races under rules and sanction of the A. A. A. Official sanction No. 1101.

Championship match race between R. C. Durant, California's young millionaire automobile manufacturer, and A. H. Patterson, well known to Fresnoans as the only man ever able to beat Earl Cooper on our track.

E. M. Kuster, with a 16-valve Duesenberg, has claimed the winner of this race for Coast championship for a side bet of \$1000, and will be raced if accepted.

Free-for-all race of three heats of 10 miles each between such drivers as Eddie Fulton, R. C. Durant, A. H. Patterson and three others to be selected. This is expected to be the best contest ever raced here.

4 to 8 p. m.—Time allotted for visiting exhibits and Carnival.  
8:15 p. m.—"Folk Dancing" (fourth installment). "Military Maids," featuring twelve young ladies with military pep.

8:30 p. m.—Big special dance program, "Community Singing" and Jazz Carnival.

## PRIZE HOGS WILL BE SHOWN AT FAIR

Entries Sufficient to Fill Every Pen on Grounds

The directors of the Fresno District Fair Association announce that a real hog show is to be staged at the fair next week. Enough entries have been received to fill every pen on the ground and these pens will hold the prize hogs of the state. H. I. Marsh of Modesto will show what are probably the two largest sows in the state. The pair weigh over 1,600 pounds and won first and second prize at the state fair.

Charles Gatewood & Son of Fresno will show "King's Big Bone Leader," the grand champion Poland-China boar at the state fair this year. The Gatewood herd will be one of five Fresno county herds that will be shown.

Of special interest is the Duran-Jarney family show, promoted by the National Duran-Jarney Record Association. This association has offered \$200 in cash premiums.

Perhaps the youngest breeder of swine is Hiram Henderson of Fair Oaks, who won \$175 on his herd of Chester White hogs at the state fair.

The following is a list of the entries in the hog show:

Poland-China—H. I. Marsh, Modesto; Denmark Bros., Lemoore; W. L. Hong & Son, Hanford; Charles Gatewood & Son, Fresno; A. Buckman & Son, Fresno; John N. Bernstein, Hanford; E. Miner, Lodi; Grant Bros., Fresno; Fred Gatewood, Fresno.  
Berishires—Arlington Smith, Bakersfield.  
Duroc-Jarneys—J. P. Mallory, Fresno; J. A. Borge, Los Banos; J. M. Devillbliss, Patterson; J. G. Thorpe, Lockeford; V. P. Dolefin, Davis; C. E. Ellis, Tulare; Canoga Ranch, Newbury Park; R. C. Sturgeon, Tulare; S. A. Williamson, Visalia; Allen Thompson, Tulare; W. J. Stewart, Visalia.  
Chester, Whites—Hiram Henderson, Fair Oaks; N. H. Locke, Lockeford; B. L. M. Vere, East Auburn.

## WILL HAVE CLEAN DRINKING GLASSES

Strict compliance with the state law regarding sanitary drinking glasses will be required of every dispenser of liquid refreshments at the Fresno District Fair. The county health department is going to keep a close watch on all booths and in this work will be assisted by the officials of the fair association.  
Refreshment concessionaires have a choice of four methods of sterilization. The first is sterilization by steam in an apparatus, acceptable to the board of health. The second is immersion in boiling water for at least five minutes. The third is immersion in 5 per cent solution of lye or caustic soda, preferably hot, but not necessarily boiling.

### CHARGED WITH ABDUCTION

Charles M. Williams was arrested in Hanford yesterday and placed in the county jail on a charge of abduction. After a honeymoon of about three hours he and Miss Nita M. Wright, of Fresno, were taken into custody as they were about to leave on the stage for Fresno. They were married at 10 o'clock and arrested at 1 o'clock on the complaint of Mrs. James Wright, 643 Sixth street, Fresno, who charges Williams with abduction. Mrs. Wright states that her daughter is but 14 years of age, and this the daughter does not deny. Sheriff H. H. Thorsrud, who made the arrest, states that

CHESTER A. HOWELL, Editor and Manager

## THE DUMMY TALKS

If Count Von Hertling should be removed from his position as chancellor of the German empire and therefore as the chief "dummy" of the military leaders when they wish to placate the civil authorities, it will be said that his fall was due chiefly to a piece of political acumen that closely parallels the position of the British leaders at the time of the Reform Bill of 1832.

Von Hertling appealed to the conservatives of the Prussian diet to grant franchise reform "because it would help maintain the monarchy in power." What student of English history is not reminded of the dramatic appeal of Lord Macaulay to the conservative upholders of British traditions "reform that you may preserve." The British Tories refused to listen to the piteous, and it took an unconstitutional employment of the prerogative of the crown to effect the reform, and thus save the British crown, attacked by so many reforming elements.

It has been remarked that in the present German situation Von Hertling has pleased, by his reform address, no one, for the conservatives object to his urging universal suffrage and the liberals object to his urging it as a means of preserving the prerogatives of the crown. And so, Von Hertling may, in due course of time, suffer the fate of all German statesmen who have attempted to serve their masters by talk as well as acts. Talking, in a dummy statesman, usually gets him nowhere.

## INTERDEPENDENCY

Some of the larger operators in the Great War have ignored the interdependency of nations because it has been convenient for them to do so. But others have been entirely ignorant of it.

Curiously enough, Lenin and Trotsky, and their supporters, have recognized the interdependency of nations, but not of the people within nations. They have declared that the "proletariat of Russia" could get along without any help from any of the other "classes" of Russia, but that the power of Russia could be used as a club upon other nations to spread the power of the Bolshevik throughout the world. They recognized interdependency only when it appeared on a large scale. They thought, or appeared to think, that a manager was not needed for a factory—that the workmen could operate the factory quite well without it. But they thought that Russia was an essential part of the combination of nations, that the seizure of Russia by the Bolsheviks meant that the Bolsheviks thereby had a vital share in the operations of all nations. Which was true. But the loss to the rest of the world through the malpractice of the Bolsheviks has been nothing to what has been the burden upon Russia. Democracy, again, like charity, always begins to take effect close to home.

The Danes have been having a very practical lesson in this international dependency. Denmark is a socially governed institution. Its statesmen would be glad, if they could, to follow the pacifist theory of non-interference in the quarrels of "capitalist" nations. But they have found that the German guns pointing over one border have not been half as menacing as deprivation from intercourse with the United States and other Allied nations. They have been compelled, rather against the will of leading members of the government, to come to a commercial understanding with the United States.

One of the more immediate problems of those who shall lead the world toward a peace league, will be the setting of a due but not exaggerated value upon this dependency. For the power of the world government to be set up must be measured by this interdependency. If each section of the world were sufficient unto itself, there would be no need of a world government. But if China wants things from the United States, and this country depends to some extent upon Europe and Europe again, in turn, has to deal with Asia, then—in order to prevent commercial equity from being over-whelmed by military capacity or political assistance, there must be a police power, governed by well understood rules, that dominate America and Europe and Asia alike. The need of world government is exactly measured by international dependency.

## TEUTONISM IN WAR

Teutonism in war has truly made it barbarous again.

The advances made in national and institutional mercy during the last century had gradually removed from war nearly all its horror, except the supreme tragedy of death. The disappearance of war had even reduced the fear of much death, for a war that quickly established the victory of a cause armed with the right of the majority over the intrusion of the minority, would end at once and reduce the possibility of carnage.

But Germany did worse than enter

into a hopeless struggle on a gigantic scale. In the fight to show that the might of organization could overcome the might of the right of the majority of mankind, it undertook to wipe out all the advances that the world had made toward alleviating war. It introduced noxious gases. It spread death by the use of disease germs. It reduced to starvation, not its opponents but minor peoples who had no part in the struggle except that they happened to live in the path of German offensives or those of Germany's allies. We look back with horror on the methods of war of the Assyrians, who poisoned the springs from which their enemies might happen to drink. The Germans have exaggerated the methods of the Assyrians.

This is why the taking of territory in this war is of a humanitarian—as well as military importance. It has been remarked that the success of the Allies in Mesopotamia and in the Holy Land and even in Macedonia is of little importance. This may be true from the narrow consideration of driving the Germans out of Belgium or putting Allied troops into Berlin.

But the whole world, outside of the Central Powers, has heard with horror of the sufferings of the Armenians in Asia Minor, of the miseries of the Jews in Palestine. Populations there, almost unthought of, have died, like flies, despoiled by the Turks, massacred under the direction of German officers, considered only as an impediment in the way of total Ottomanizing of the territory.

General Allenby has done more than adding a few square miles to the Allied held territory to be considered at the final peace conference. He has saved thousands of Jewish colonists in Palestine from certain death. He has driven a wedge between Turkey and her Mesopotamian granary. He has helped to dishearten the background of support on which Germany might have depended for encouragement, when driven back to the Rhine.

WOUNDED MAN  
FORMER MEMBER  
STATE GUARDS

(Special to the Republican.)  
EXETER, Sept. 23.—Fred Page, Sr., of this city has been notified that his son, Fred Page, was injured while in the trenches in the battle of the Marne. He is at present in a base hospital in France, and is recovering from his wounds. The nature of the wound was not stated in a letter to his father. Page was one of the first to enlist from Exeter and is the first from this section to receive injuries in action. Before entering the service of the nation he was a member of the Visalia company, California National Guard.

BOMB SUSPECT  
IS UNDER ARREST

CHICAGO, Sept. 23.—With the arrest of one Krutlinger, owner of a machine shop, Federal authorities today made public the information that a bomb similar to the one which exploded in the Federal building here two weeks ago, has been found near the shop. Krutlinger is charged with making seditious remarks and was held under bond of \$10,000.

MORE ATTACKS  
ON BOLSHEVIKI

AMSTERDAM, Sept. 22.—Renewed attempts have been made to assassinate members of the Soviet government in Russia, and as a result there will be fresh measures in reprisal, says a Moscow dispatch received here.

PLANNING TO FORM  
LITHUANIAN ARMY

NEW YORK, Sept. 23.—Plans for the organization of a Lithuanian army in America under the direction of the United States, were formulated here today at a meeting of Lithuanians at which Dr. John S. Zilpurs of Washington, member of the Lithuanian Central committee, presided. It was recommended that the army be sent to Lithuania or to Vladivostok to aid in driving the Germans out of Lithuania, and establishing an independent republic.

## FRENCH DIPLOMAT DIES

MADRID, Sept. 23.—Javier Argüelles, French ambassador to Spain, died today.

## CATHOLIC BISHOP DIES

BALTIMORE, Md., Sept. 23.—Bishop Charles Watson, of the Baltimore diocese, died today of a stroke while on his way from Waldorf, Md., to this city.

## INDICTED FOR SEDITION

NEW YORK, Sept. 23.—Abraham Lincoln, a New York state assemblyman and Socialist candidate for Congress in Brooklyn, together with John Reed, magazine writer, who was recently in Russia, were indicted today for seditious remarks in public addresses.

Fresno's  
Yesterdays

Taken From the Files of the  
FRESNO REPUBLICAN

## Forty Years Ago.

It seems that Egyptian corn is destined to become one of the most important crops in this country. Nearly every settler in the different colonies adjacent to Fresno has acres or two planted, and in the vicinity of Kingsburg there are many good sized fields. For all purposes the white variety seems to be the best. The yield seems to be enormous, and on irrigated land at least two crops can be raised from the same stalk. It makes a rich, sweet meal from which corn bread, mush or hot cakes can be made of most excellent quality. Every kind of stock eats and thrives on the corn, and it is easily raised, harvested and preserved. In growing it needs down a top root which gathers moisture of the surface, is wholly dried out, and we believe will make a "reasonably good crop in ordinary seasons without irrigation.

## Twenty Years Ago

The Fresno Evening Democrat will make its appearance in Fresno about October 1. The new paper will be in charge of Mark R. Plaisted, the present owner of the Riverside Enterprise. Frank Stone, who is now editor of the Enterprise, will have charge of the editorial end of the new sheet. The plants of the interior and the Key-stones were purchased by Mr. Plaisted and the Democratic County Central committee—last Thursday. The paper will be published in the present quarters of the interior on Fresno street, in the basement of the library building. The new paper will not take the telegraphic service of the Associated Press, but will take the afternoon report of the Scripps-McClure combination, an abbreviated service.

## Ten Years Ago

Miss Belle Ritchie leaves tonight for New York City to take up her vocal studies again. Miss Ritchie returned from New York about two years ago and established a studio here expecting to return later and take up her studies in the east. During her stay she has been a valued member of the Musical Club, where she is regarded as one of the most valued members and has also been heard in church and home gatherings. Her friends are exceedingly sorry to see her go, and yet rejoice at the opportunity she is to have to enjoy the advantages of the eastern metropolis offers.

CLIFF HOUSE, NOTED  
RESORT, MAY CLOSE  
NOW PERMANENTLY

The Cliff House has now been closed for two months, and is likely to pass out of existence as a popular hotel.

Negotiations are pending between the present lease-holders and the Sutter estate as to its final fate. Nothing has been definitely decided, but among the possibilities the most likely one is that it will be turned into a cafeteria or some other such concern, utterly at variance with the original purposes for which it was designed when first built by Sam Brannan, over half a century ago.

## Closed By War Conditions

It was a police edict consequent upon war conditions that put it out of business in July, when an order went forth to close all establishments that sold liquor within half a mile of a military station.

By the time that order was modified to meet existing emergencies, the Cliff House management felt that it would be impossible to reopen the establishment at the high rental paid, and the place remained closed.

Irresistible though the lure of the Seal Rocks might seem to those unacquainted with the catering business, the company in control of the Cliff House feels that it cannot continue as a first-class establishment if deprived of such facilities as access from the sale of alcoholic beverages. Hence the decision to retire.

The Cliff House has a history as spectacular as that of San Francisco itself.

Early in the sixties a ship was wrecked off the shore of what is now the Cliff House. It was laden with materials for building a house for some plutocrat upon Sacramento way. Sam Brannan, the astute and sportive Mormon capitalist, after whom Brannan street was named, bought the wreck, carried the cargo and built the Cliff House.

The opening of the Point Lobos road popularized it out of all conception. It became the haunt of all San Franciscans, the Mecca of the Coastseekers.

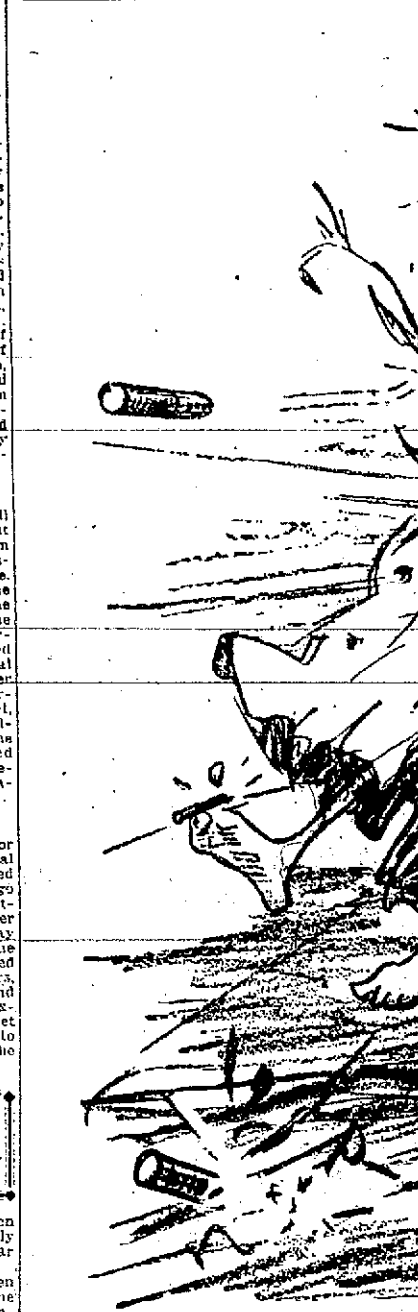

Captain J. H. Foster, a purser of the Pacific Coast Steamship Company, became its representative pleasure resort of the Pacific.

Famed for gaiety. Rollieking was no word for its sayings.

Captain Foster used to tell how a string party of 179 Yankees from Massachusetts made a pilgrimage (either one day and consumed 200 glasses of ice water and five lemonades.

Two Coastseekers would spend more in ten minutes than the whole state of Massachusetts would squander in a month," was Foster's way of describing the impression made upon him by the incident.

## STORIES OF SPIES

By Albert Payson Terhune

## No. 59: SIMON LOVAT.

The Spy Who Was True to No Employer.

He was a Scotch nobleman, who made his fortune by dealing in the fur trade, and then by betraying each to the other. It was a profitable occupation—sometimes. Here is the story:

James II of England had been dethroned and had fled to France for refuge, while his son-in-law, William of Orange, mounted the English throne, in 1689.

In France James was forger hatching plots for a triumphant return to his former power. In England the plots hatched by the Jacobites, the sons of James, were known as the "Jacobite" plots.

At the time he was in correspondence with France, ready at a minute's notice to turn his troops over to King James if the latter seemed likely to win back the crown.

A few years later he went secretly to France as a spy for James' faction. There he gained the confidence of the Jacobites (as James' followers were called) and was sent by them to Scotland to spy out the sentiments of the Scotch lords in regard to a Jacobite uprising.

Over to Scotland went Lovat. He went in the guise of a local nobleman—not as a spy for the Jacobites.

Transfer Services to England. When looking over the ground and getting the views of the great lords, he decided Scotland could not be induced to join the rebellion. With Scotland out of the rebellion, the cause would be doomed to failure. And failure was the one thing (besides loyalty) for which Lovat had no use.

So he went by stealth to the heads of the English government and sold his information as to the Jacobite plot.

When the government had covered his tracks successfully, he went across to France to spy out further details of the plot for his new employers.

But for once his self-confidence outran his wit. He had been seen in London conferring with the government authorities.

there is of such untutilized waste which can be had without charge from the forest officials, on some sort of a blanket free use permit, applying to "dead and down" and both beetle-infested and fire-killed timber. In some forests there are large burned areas containing a great deal of dead oak, pine, manzanita, and other species of trees and large shrubs. Where these "burns" are on private lands the owners would be glad to have the fuel taken away without charge. If the "burns" were piled and burned—a condition that the forest service, also, would require.

Suppose arrangements of this kind were made and used fuel secured to supply the families prepared to use it. Then crowds of men, with proper tools and machinery must be sent into the mountains, or obtained locally. As many trucks and wagons as possible must be listed to haul the fuel out. It would furnish a return load in many cases, for supplies of every sort go to the mountains.

With efficient organization, first in the towns to secure wood using families, second, to secure the fuel, which should be cut in as long pieces as can be loaded on trucks and wagons, so that, after being "yarded" in each town, it can be sawed and split into desired sizes, and delivered to the families in needed quantities.

Some families might work together, selecting officers to secure the fuel at cost. But on the scale proposed, by using small engines and circular saws wherever possible, and getting out supplies of fuel for three or four years, the total expenses could be kept within reason.

These suggestions only apply at present to fuel now dead, dry, and fit for use at once. Single dead pines known to the writer contain ten or fifteen cords of firewood; single dead oaks contain three or four cords. We ought not to neglect these resources.

But let me again stress the fact that this whole thing depends on the sort of stove, range, furnace or fireplace that you, dear reader, possess.

Lastly, I am reminded that firewood in Fresno last winter cost sixteen dollars a cord. Possibly it will be twenty this coming winter. Roughly speaking it can be cut with proper machinery, in the Sierra forest, and hauled out to Fresno for a total of not in excess of a dollar. With some organization this cost ought to be still further reduced.

# SOCIETY

Mr. and Mrs. Dan Brown, Jr., are enjoying a visit from the latter's sister, Mrs. Blanche Verdinal Gray, who came up recently from Hollywood.

Miss Nora Kenyon arrived yesterday from San Francisco to enjoy a sojourn in town as the guest of Miss Zoe Edson and Mrs. Alfred H. McKenzie. Later she will visit her sister, Mrs. LeRoy Richards in Coalinga before returning north.

Mrs. E. B. Rogers, who recently sold her home, the Margherita vineyard, has gone to San Francisco, where she will spend some time.

Mr. and Mrs. William Ansley Jones have as their guest at their country home on the Minnewawa vineyard the latter's nephew, Allen Chickering of Oakland.

Mrs. H. D. Carver has returned from an extended sojourn in Berkeley, and is to resume her position as teacher in the kindergarten department of the local schools.

Miss Jane Gray is to occupy a similar position in the Visalia schools this winter, and left for Visalia a day or so ago.

Mrs. W. M. Wyatt has gone to Berkeley to spend a short time.

Mr. and Mrs. Charles Puckhaber have returned from an extended sojourn in San Francisco.

Robert Thomas left Sunday night for Berkeley to attend the military camp at the University of California, following a short visit with his parents, Mr. and Mrs. Montgomery Thomas. He spent the summer months at the students' army camp at the Presidio.

The North Park auxiliary of the Red Cross will enjoy a social meeting on Wednesday. The members will assemble with their lunch baskets, whose contents will be spread at noon in the workroom, corner of Echo and Dennett avenues. The usual sewing will provide the incentive proper for the session. A cordial invitation is extended to all interested to be present.

St. John's Red Cross auxiliary is requested by the chairman, Mrs. O. D. Bergeron, to meet in a body at the hall on Wednesday afternoon to prepare to assist in the Liberty loan campaign. All the women of the church are invited to attend. Rev. Father Keenan is to be present and give a talk in the interests of the Liberty loan.

The several divisions of the Women's Auxiliaries of the First Baptist church will meet at 2:30 o'clock this afternoon as follows:

Division 1, at the parlors of the church, with Mrs. P. H. Connelly, leader.

Division 2, with Mrs. H. L. Reeder, leader, at the home of Mrs. James Hunter, 3543 Illinois avenue.

Division 3, with the leader, Mrs. J. E. Wasson, at her home, 940 11 street.

Division 4, at the home of Mrs. Rebecca Hunter, 134 Floradora avenue, with Mrs. D. R. Smith, leader.

Division 5, with the leader, Mrs. A. J. Cobb, corner of Webster and Portland avenues.

Division 6, with the leader, Mrs. Nolan Howell, corner of 7th and Illinois.

Division 7, with Mrs. J. Mark Webster, who is to be the leader, at her home, 1325 Roosevelt avenue.

Mr. and Mrs. W. G. Cochran and son, Eric, motored home at the weekend from Santa Monica, where vacation headquarters were established.

The Telo Embroidery Club will be entertained Wednesday by Mrs. John Barram.

The J. O. C. class of the First Presbyterian church will meet today at the church parlors, corner of M and Mercado streets.

Mr. and Mrs. H. H. Holland and two daughters, and Mr. and Mrs. Fred Dow have returned from a short outing in San Francisco.

Mrs. Holland Newport, of Hartford, is the guest of Mr. and Mrs. Bart Harvey.

Mrs. G. W. Dowda, Miss Esther Crowder, and Mrs. W. S. Macon and daughter, have returned from a motor trip to San Francisco, Santa Cruz and Mt. Herman.

Mr. and Mrs. M. O. Rowell and family returned recently from a summer outing at Berkeley and Mt. Herman.

The Missionary Society of the First Congregational church will meet this afternoon at the home of the president, Mrs. W. W. Christie, 517 San Pablo. Subject: "Vacation." Special talks will be given by Mrs. J. O. Cross, Mrs. L. G. Haight, and Miss Maude Wolfe. Mrs. Christie gives a cordial invitation to all to be present.

## MRS. GERTRUDE M. WAY DIES

Mrs. Gertrude M. Way, wife of A. E. Way, died at the family residence at the corner of Kearney and Madison avenues yesterday morning. She is survived by her husband and two children. The children are Miss Alice Way and Alfred Way. She was a native of Missouri, Ind., and was 55 years of age. Funeral services will be held from the residence at 2 o'clock this afternoon. The remains will be cremated.

## FARM BUREAU WILL BACK CAMPAIGN FOR WHEAT

### Directors Meeting in Fresno Tomorrow to Take Up New Acreage Plans

### Chairman Homan of Council of Defense to Speak

The wheat production of Fresno county is likely to be largely increased for the coming year, according to Farm Adviser Smith, who will report to the final meeting of the Fresno County Farm Bureau at the Holland building at 3 o'clock tomorrow morning. This meeting will take up Fresno county's share in the national wheat campaign. R. N. Davis, associate adviser, who is doing some special investigation for the government, will report that in every section he has visited it is the intention of the farmers to plant as much or more wheat than was planted last year. It is the responsible farmer with good wheat land who is going to do the planting.

This county's share will be 40,000 acres. F. A. Homan, district chairman of the state council of defense, is to be one of the speakers. He will take up the recent talk of financing and otherwise assisting the farmers where aid is possible.

H. E. Patterson, secretary of the Chamber of Commerce, will also talk on the wheat situation. Fowler, president of the bureau, will preside.

The bureau will consider other important phases of the fall campaign for increasing the food production in the coming year. Committee will be appointed for active work. An effort will be made through the medium of the council of defense and other organizations to better co-ordinate the efforts of the farmers and the merchants and bankers.

## DEMURS TO SUIT IN COPYIST CASE

A demurrer to the complaint of Miss Lillian Frame, who has brought suit against the county for the collection of copyist claims for the last eight months, was filed by R. C. Hight, of the district attorney's office yesterday. The demurrer sets forth that the complaint does not state facts sufficient to constitute a cause for action.

The claims case will come up in the Superior Court next month.

## PASTORS NAMED FOR METHODISTS

STOCKTON, Cal., Sept. 23.—Following the selection of Santa Cruz as the next meeting place and the reading of appointments by Bishop William Thirfield, the California conference of the Methodist Episcopal church, which has been in session here for nearly a week, adjourned this afternoon.

Among the appointments announced by Bishop Thirfield are: District Superintendents—San Francisco district, George W. White; Sacramento, George E. H. Shumway; Oakland, H. E. Milnes of Berkeley; Nevada, John F. Wilson.

Pastorates—Smith River, S. J. Boyd; Oakland, P. C. Perry; Jamestown, J. W. Baggett; Corcoran, R. E. P. Summers; Jackson, S. L. Lee; Hingham, William Burnham; Manteca, J. H. Rogers; Modesto, C. R. Silvester; Riverbank, W. Cutler; Turlock, F. A. Keast; Santa Cruz, J. B. Bristol.

## PRESSING HARD ON LA FERE DEFENSE

WITH THE FRENCH ARMY IN FRANCE, Sept. 23.—(By the Associated Press.)—The French now hold the left bank of the Oise for more than half the distance from La Fere to Mayot. General Debeny's troops captured the woods of La Fontaine last evening and his patrols went through Vendeville to the Oise. The Germans had evacuated Vendeville under menace of being cornered there with their backs to the Oise by the French advance. Toward the river in the region of La Fontaine, the French about the same time reached the quarries just north of Travecy, which completed the conquest of the west bank of the Oise in this region. Together with the formidable defenses erected by the Germans against St. Quentin, General Debeny's forces have reached the low marshy country of the valley of the Oise, which presents enormous difficulties to any troops that might attempt a crossing north of La Fere.

MORMON COLONY. HONOLULU, Sept. 23.—The colony established at Lala, Island of Oahu, by the Church of Jesus Christ of Latter Day Saints ("Mormons") has acquired the holdings of the Koolan Agricultural Company, the Koolan Railway Company and the Koolan Water Company from the J. B. Castle estate. The price paid was about \$600,000. The property includes 360 acres of tillable land which will produce approximately 3,000 tons of sugar a year, an eleven-mile narrow-gauge railroad and an irrigation system. The deal was closed by Bishop S. E. Woolley, head of the colony, acting with power of attorney for the mother church of Salt Lake City, Utah.

Improve Your Appearance

## Caruthers Plans Farmer's Picnic at Fresno Park

Caruthers Farm Bureau center last night voted to hold a farmers' picnic October 15. The picnic will be unique if present plans are carried out. The committee to be appointed by Director A. J. Quist will most likely recommend the picnic to be held in the city for their picnic, and hold it in Fresno Park. This reversal, it was pointed out, will mean that young and old will leave the country, where the city people usually go for an outing, and will come to the city, where they will picnic on grounds that have been improved by landscape gardening, drinking fountains and good roads to the city.

Prof. W. E. Packard of the University of California spoke on the achievements of the various counties this year.

Says Raisa Sheep

Adviser LeRoy B. Smith spoke on cover cropping.

Associate Adviser R. N. Davis told the farmers of the opportunity Prof. R. J. Miller of the University of California holds out for them to get some sheep ahead at reasonable prices, with which to stock their farms.

Davis made a strong plea for more sheep raising. The United States department of agriculture reports that it takes twenty sheep to supply the needs of one soldier one year. There are 45,000,000 sheep in the country, about one-half enough to supply the military needs alone. California has 2,000,000 sheep. In addition to supplying the soldiers now, judicious sheep raising will supply the necessary wool for the army after the war. Davis is campaigning for the introduction of small bands on the farms, to clean up feed that other stock do not get.

## DEMUR TO \$52,500 SUIT VS. COUNTY

A demurrer was filed by Ben H. Johnson of the district attorney's office to the complaint of George Shehrman, who is suing the Fresno County Agricultural Association and the county for \$52,500 damages alleged to have been lost in a recent fire incident at the fair grounds track last year. Shehrman's suit was filed early this month.

## INDIAN ROMANCE ENDS IN DIVORCE

Suit for divorce was instituted by George Buckskin, an Indian, against Ida Buckskin, yesterday. Superior Judge Cushman heard the case. This is one of the first instances where Indians have figured in divorce cases in Fresno county.

## PROMPT PAY FOR AMERICAN TROOPS

WASHINGTON, Sept. 23.—Troops in the United States are now being paid within five days or less after the first of each month and voluntary allotments are being sent to relatives with only slight delay. Brigadier General Wood, acting quartermaster-general, said today.

A year ago payments were delayed for many cases. In the twenty-fifth of the following month, he said, but the efforts of the quartermaster-general, J. M. Lord, head of the financial division of the quartermaster corps, have cut down the time until reports from twenty-eight out of thirty-two camps and contingents for September show all men had received their August pay by September 6.

The inauguration of the individual pay card system devised by General Lord, under which each soldier carries his own record with him, making it unnecessary to await his military record, has relieved the situation.

In France, individual pay books have been provided for the same purpose.

General Wood emphasized that capture by the enemy will not cause discontinuance of allotments.

## CONSIDERING ARID LAND RECLAMATION

SALT LAKE CITY, Sept. 23.—Representatives of seven western states gathered here today to discuss the project inaugurated by Secretary Franklin K. Lane for the reclamation of Colorado river basin lands. The plan calls for the harnessing of the waters of the tributaries of the Colorado river for irrigation purposes in order to reclaim the adjacent lands and provide homes for discharged American soldiers at the expense of the war. Governor Simon H. Hamberger of Utah presided at today's session, which was for the purpose of taking up the project.

## CAN OBTAIN FULL PRICE FOR WHEAT

WASHINGTON, Sept. 23.—Farmers who have been selling their wheat below the government guaranteed price because of railway freight charges placed on wheat shipment in certain localities were advised today by the food administration that the embargo soon will be lifted and that if they hold their wheat the government will buy it at the guaranteed price. The embargoes were made necessary, it was explained, because the movement of wheat abroad has not kept pace with the internal movement to elevators.

WASHINGTON, Sept. 23.—The contingent of members of the French foreign legion touring the United States in behalf of the fourth Liberty Loan today visited the Senate and the House and received an ovation. The legionnaires were later reviewed by President Wilson.

AMSTERDAM, Sept. 23.—It is likely that the main committee of the German relieving which meets tomorrow will all for a week. It is uncertain, says the "Nieuwe Oost" which the Venetian will make a speech, but it is certain that Foreign Minister Blum will do so.

## FRESNO ROTARIANS HONOR OFFICIAL AT DINNER

### District Governor Miller Says Public Service Is Greatest Aim

### Former Fresnan Pleads for Well-Rounded Citizenship

Fresno Rotarians, almost to a man, attended the dinner at the Hotel Fresno last night in honor of Governor Clinton E. Miller of the 23d district, who spoke here yesterday on his return from the district conference at San Francisco. District Governor Miller formerly lived in Fresno, and was principal of the Hawthorne school. He is now a business man in Los Angeles. Nearly sixty members heard his exposition of Rotary principles at the dinner. New members admitted were: Stanley M. Cooper, Arthur E. Jones, F. H. Elster and John W. Van Housen.

"Serving not self but the community makes a man great," said Miller. "The first great lesson of the Rotarian is to get the meaning of the club motto, 'Service, not self'—who profits most by serving best."

"The commonwealth needs well-rounded citizens, men who will give part of their time without personal profit to public service, to some service they expect to pay for. Such service makes a man grow, and makes him bigger, better and happier. Rotary idea spreads."

There are 400 Rotary clubs in existence. All members of the international association belong in the United States, Canada, Great Britain and Cuba. Spain and Spanish America are new fields where the idea is spreading. Miller said no Rotarian ever went on the rocks, and there is but one paid Rotary officer in the entire world, and that the members do not work, as is sometimes reported, for the mutual interests of their membership.

Secretary Jerome G. Cross of the Fresno club, gave a sketch of Miller's life in Los Angeles, where the club has devoted \$25,000 to practical settlement work in the last year. President Hugo P. Allard is returning from the San Francisco meeting. While there, he made a "Fresno speech," telling what Fresno has accomplished, and how Fresno county and surrounding country is feeding the world a big part of its diet. He told the district representatives Fresno is rapidly on its way to the 100,000 population class.

A Rotarian club may be established in Bakersfield. President Allard is to be one of the visiting committees who will look the field over. The next annual conference of Rotary clubs will be held in San Diego next spring. A heat excursion to the meeting is planned from San Francisco and other coast cities.

## PLAN TO LICENSE OIL AND GAS FIRMS

WASHINGTON, Sept. 23.—Regulations are being prepared by the fuel administration under authority granted by President Wilson for the licensing of persons or firms engaged in the transportation and distribution of oil and gas. The licensing plan becomes operative October 1 and it was emphasized today that all concerns coming within the provisions of the President's proclamation must obtain licenses by that date.

Specifically, the persons or firms compelled to obtain licenses are importers, distributors or marketers and transporters of crude oil, fuel oil, gas oil, kerosene or any other petroleum products and transporters of natural gas. Retailers of natural gas and of oil in its various forms whose business does not exceed \$100,000 annually are not affected.

Persons or firms who are required to obtain licenses but who fail to do so and engage in business after October 1 will be liable to the penalties provided under the food and fuel control act.

## BIGGER EXEMPTION OF LIBERTY BONDS

WASHINGTON, Sept. 23.—Congress tonight completed and sent to the President the administration bill designed to stimulate the sale of Liberty bonds by exempting from income sur-tax and war excess profits taxes the interest on such bonds held by individuals and corporations in amounts not in excess of \$50,000 of the fourth issue, and \$45,000 of the first, second and third issues. The measure provides for regulation of foreign exchange, and authorizes an increase in the issue of war savings stamps from \$2,000,000,000 to \$4,000,000,000. Senate and House conferees today changed the clause authorizing the President to prohibit in his discretion all transactions in Liberty bonds, so that those bonds may be sold by the holders for cash or offered as collateral for loans.

# ALL FRESNO TO MARCH FRIDAY

## FORMATION OF GREAT PARADE ANNOUNCED BY MARSHAL HOOD

Greatest Patriotic Pageant in Valley's History to Be  
Made Up of Eight Huge Divisions—Parade  
to Move at 7:30 Sharp

Grand Marshal Frank G. Hood of the mammoth Pledge Parade that will move along Fresno's streets Friday night in celebration of the American victory at St. Mihiel and to mark the opening of the Fourth Liberty Loan drive, yesterday announced the line of march, the parade formation and named the assistant marshals who will help him direct the great pageant as it swings along the streets.

The assistant marshals will be William L. Matlock, J. L. Holmes, Al Sunderland, Harry P. Jayne, H. E. Jones, Charles Dillon, Supervisor W. A. Collins, Mrs. W. A. Fitzgerald, Mrs. William F. Toomey and Captain S. L. Gallaher.

Following is the detailed formation of the parade, other contingents to be added as rapidly as reports are received by Parade Chairman Ricker: Police Squadron, under command of Chief John C. Toehring.

Grand Marshal Frank G. Hood and Mrs. Hood; Mayor W. F. Toomey and Mrs. Toomey.

Columbia represented by Miss Alva M. Hood and escorted by United States soldier and sailor.

W. O. Miles, chairman of the Liberty Loan committee; Fred B. Fox, campaign manager; C. T. Cleary, city campaign manager; David Swing Ricker, chairman of parade committee and director of publicity.

Executive committee of the Liberty Loan drive.

Chairmen of the County Liberty Loan committee.

Chairmen of City Liberty Loan committee.

County Director of W. B. E. B. E. McManis, Assistant County Director Harry C. Wilber, City Director Thomas E. Riley and members of the County War Savings Committee M. B. Harris, Earle Hughes, Jerome O. Cross and E. A. Berg.

U. S. S. Food Administration J. Newman, chief of fruit commission; L. A. Nares, U. S. Live Stock commissioner; William Glass, president Fresno Chapter American Red Cross; George Waterman, county food administrator; M. H. Howell, state food administrator; C. H. Riggs, city food administrator; A. G. Wiseman, county food administrator; Frank A. Willey, chairman of Four-Minute Men.

Chairmen, Vice-chairmen and speakers at the Auditorium and Court House mass meetings.

County and city exemption boards. County board of supervisors. City trustees.

**DIVISION I—MILITARY.** Forms on Van Ness avenue with right resting on Tuolumne. Major Ed Jones, marshal.

Gold-starred flag of the Soldiers' Family of Fresno county, borne by four veterans.

Band. Home Guards. High School Cadets. Boy Scouts.

Marine Scouts. U. S. A. Veterans. United Confederate Veterans. Spanish American War Veterans. American Red Cross. Liberty Red Cross Girls. Salvation Army.

**DIVISION II—INTERNAL ORGANIZATIONS.** Forms on Stanislaus street west of Van Ness. Harry P. Jayne, marshal.

Sun-Maid Band. Masonic Organizations. Fresno Male Chorus.

Native Sons of the Golden West and Native Daughters of the Golden West. Fresno Elks. Eagles Drum Corps.

Prateral Order of Eagles. Odd Fellows, Fresno Cantonment I. O. O. F. and Rebekah Lodges. Knights and Ladies of Security. Redmen and Pioneers. Mazanilla Drum Corps.

Woodmen-of-the-World. D. O. K. K. Knights of Pythias. B'nai B'rith. Danish Brotherhood.

Order of Hermann's Sons. Fraternal Aid Union. Independent Order of Foresters. Maccabees. Oyls.

Fraternal Brotherhood. Modern Woodmen of America. Yosemite Lodge of Foresters. Royal Order of Moose.

**DIVISION THREE.** Women's Organizations. Mrs. W. A. Fitzgerald, marshal.

Forms on Stanislaus street, east of Van Ness. Chorus of 500 voices.

Members of the Women's County Council of Defense, Mrs. R. A. Williams, chairman. Mrs. Henry Hawson, woman's food administrator for Fresno county.

**DIVISION FOUR.** Ladies of the G. A. R. Daughters of the Confederacy. Spanish-American War Veterans Auxiliary.

**DIVISION FIVE.** Forms on Tuolumne street west of Van Ness. H. E. Patterson, marshal.

Led by massed allied flags all the allied nations represented in Fresno will march in the order in which they entered the war.

Band. Serpents, singing as they march. France. Belgium.

Great Britain, including St. Andrews Society. Japan. Portugal.

Italy. Greece. China. Armenia. Jugoslavia.

**DIVISION SIX.** Forms on Tuolumne street, east of Van Ness. Charles Dillon, marshal.

All members of every labor union in the county are urged to march in this division. School children's chorus of 500 voices.

**DIVISION SEVEN.** Cities of Fresno county. W. A. Collins, marshal.

Band. (All the cities of the county will march in this division.)

**DIVISION EIGHT.** Civic and commercial division. Forms on Merced street, east of Van Ness.

L. G. Allen, marshal. Band. Sun-Maid Patrol in broken ranks.

City firemen under command of Chief Berkholz. Post office employees and letter carriers in uniform.

County and city employees. Choir. Clergymen and churches of the city. T. M. C. A.

Commercial Club. Rotary Club. University Club.

One Hundred Per Cent Club. Merchants' Association, representing every department of business in the city.

**DIVISION EIGHT—SECTION TWO.** Men's unattached division. Forms on Merced street east of Van Ness.

Captain S. L. Gallaher, marshal. (In this division, every man in Fresno county not marching with any organization is urged to fall in line. Men 18-45, called to the colors under the registration of September 12, are asked to wear red, white and blue bands on their right arm.)

Led by chorus of 500 school children. Ended by chorus of 500 school children.

### Line of March.

The Pledge Parade will move promptly at 7:30 p. m. Everybody will march on foot. No vehicles will be allowed in the parade. Parking will not be permitted along the line of march. Every marcher is urged to carry an American flag or a torch or lantern. Organizations are urged to carry lanterns or devise some original scheme of illumination. The desire of the committee is to have the entire parade a stream of light, but this should not be interpreted to mean that those without torches or lanterns are not expected to march. Every able-bodied, red-blooded American in Fresno county is expected to fall in line.

The line of march will be as follows: From Tuolumne and Van Ness south along Van Ness avenue to Fresno street.

East on Fresno street to M street. Countermarch to Van Ness avenue.

South on Van Ness avenue to Tulare.

Countermarch on Van Ness avenue to Fresno.

Fresno to I street. Along I street to Mariposa. On Mariposa to J street.

Along J street to Tulare. On Tulare to Van Ness. Van Ness to Kern.

Kern to L. On L to the Municipal auditorium and Courthouse park.

Landmark precedents: the line of march has been planned to allow two countermarches—one on Fresno street and one on Van Ness avenue—to allow the marchers themselves to see at least a part of the parade.

There will be no deviation whatever from the above line of march. FRANK G. HOOD, Grand Marshal.

Thomas, Mrs. Roy Woodward, Mrs. A. R. Kersetter, Mrs. L. G. Muller, Miss Anna Meix, Mrs. A. Adeline Thornton, Miss Marcia Edwards, Miss Emma Glass, Miss Jane Whitney, Miss Sarah McCordie.

Division to be led by a chorus and ended by a chorus. (Every woman in Fresno county not belonging to an organization is urged to march in this section.)

**DIVISION FIVE.** Forms on Tuolumne street west of Van Ness. H. E. Patterson, marshal.

Led by massed allied flags all the allied nations represented in Fresno will march in the order in which they entered the war.

Band. Serpents, singing as they march. France. Belgium.

Great Britain, including St. Andrews Society. Japan. Portugal.

Italy. Greece. China. Armenia. Jugoslavia.

**DIVISION SIX.** Forms on Tuolumne street, east of Van Ness. Charles Dillon, marshal.

All members of every labor union in the county are urged to march in this division. School children's chorus of 500 voices.

**DIVISION SEVEN.** Cities of Fresno county. W. A. Collins, marshal.

Band. (All the cities of the county will march in this division.)

**DIVISION EIGHT.** Civic and commercial division. Forms on Merced street, east of Van Ness.

L. G. Allen, marshal. Band. Sun-Maid Patrol in broken ranks.

City firemen under command of Chief Berkholz. Post office employees and letter carriers in uniform.

County and city employees. Choir. Clergymen and churches of the city. T. M. C. A.

Commercial Club. Rotary Club. University Club.

One Hundred Per Cent Club. Merchants' Association, representing every department of business in the city.

**DIVISION EIGHT—SECTION TWO.** Men's unattached division. Forms on Merced street east of Van Ness.

Captain S. L. Gallaher, marshal. (In this division, every man in Fresno county not marching with any organization is urged to fall in line. Men 18-45, called to the colors under the registration of September 12, are asked to wear red, white and blue bands on their right arm.)

Led by chorus of 500 school children. Ended by chorus of 500 school children.

### SELMA COMPLETES LOAN DRIVE PLANS

SELMA, Sept. 22.—Plans for the Fourth Liberty Loan drive have been completed by the Selma committee, and the first big public demonstration will take place this Tuesday evening at the high school auditorium.

When Sergeant Fillmore will give his interesting talk of participation in the war, and W. O. Miles will tell of the plans of this drive. The Selma meeting is being held at this date in order to allow Selma to participate in the big rally to be held in Fresno Friday evening. The meeting in this city is to be open to the general public.

### BUILDING TRADES TO FALL IN LINE

The Fresno Building Trades Council last night voted to march in the big Liberty Loan Pledge Parade and adopted a resolution calling on all member unions to march 100 per cent strong. The officials of the council will march at the front of their union.

### PARADE MARSHALS TO PLAN DETAILS

All assistant marshals of the Fourth Liberty Loan Pledge Parade have been called to Grand Marshal Hood to meet at the Fresno Commercial Club tomorrow night at 8 o'clock to work out the details of handling the big parade so that it will get under way promptly at 7:30 o'clock Friday night.

### Sergt. Fillmore, Hero of Ypres, Thrills Hearers

One of the 32,000 Canadians described by Edward F. Dreyer as men "than whom God can make no nobler" unless he gives to the world a race of demi-gods" will speak at the Commercial Club at noon today.

His name is Sergeant Fillmore and yesterday he opened the Fourth Liberty Loan speaking drive by addressing great meetings at Del Rey, Parlier and Reedley.

Sergeant Fillmore was one of the Canadians who went over the top at Ypres after the Algerians had retired in a panic when the Germans first used gas. He had no mask and used his handkerchief to protect himself from the poisonous fumes. And when he had nothing to fight with but his bare fists, Sergeant Fillmore with 12,000 other Canadians dashed at the advancing Huns and beat them back bare-handed.

He told the great audience at Reedley last night that he remembered all of the great fight until a shell hit him. He left a leg on the red fields of France. The shell that hit him was poisoned, said Sergeant Fillmore, and for two years he was in a hospital.

"And if I can't fight over there now," he concluded, "I can fight here at home and please God I shall fight here until the miserable Hun is driven from a place among Christian nations."

General Chairman W. O. Miles of the County Liberty Loan committee and Judge Carl A. Lindsay were the other speakers at the Reedley meeting.

### MALE CHORUS TO MARCH IN PARADE

The Fresno Male Chorus last night voted as a mark of their unflinching loyalty to take part as a body in the great patriotic pageant next Friday night. As they march along directly behind the Masonic bodies they will sing the songs of war and will lead in the singing of "Onward Christian Soldiers," in which every voice in the parade is asked to join as the countermarch on Van Ness avenue is begun.

The signal for the beginning of this great song which symbolizes the march of the marching men and women will be according to the plans of Parade Chairman Ricker, the turning of the Male Chorus in Van Ness at Fresno to begin the march back along Van Ness to Kern street and the auditorium. Under this plan two great lines—marching men and women—will lift their voices in the singing of the splendid marching hymn as they begin the countermarch in Van Ness avenue. And as every unit in the parade reaches the turn at Van Ness the signal is given to begin the countermarch it is asked to stop the singing of any other song and take up the notes of "Onward Christian Soldiers."

### SUN-MAID BAND TO PLAY IN PARADE

Although its band has been almost completely disorganized by war, M. H. Posson announced yesterday that the Sun-Maid Welfare League would place a band at the disposal of the Liberty Loan Parade committee.

Although seventeen of their members have gone to war, Posson said he would be able to muster a band of approximately 22 pieces.

The Sun-Maid drum and bugle corps will not be in line of march as every member has answered the call of Uncle Sam. Of the Sun-Maid Patrol only the officers and a few of the older men are left, but these will march in broken rank to show the number of their men who have answered the call of the colors.

### TWO C. S. LECTURES IN FRESNO TODAY

Two lectures on Christian Science will be delivered in Fresno today by Bliss Knapp, C. S. B., of Boston, Massachusetts, a member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The first lecture at the Liberty theater is specially for business men and women, to which, however, all others who may be interested are also invited. This lecture will commence promptly at 12:30 a. m. and close at 12:50, lasting just one half hour.

The second lecture will be delivered at the Fresno Auditorium at 8:15 p. m. Both lectures are free, and the public is cordially invited.

### JORGENSEN GAINS VOTES IN RECOUNT

Chris Jorgensen's lead of thirty-five votes over E. E. Slater in the race for supervisor was increased eight votes yesterday when Slater lost nine votes and Jorgensen lost one in the recount of seventeen precincts out of a total of twenty-eight. Eight precincts were unmarked, the census in some cases being doubtfully placed, and the court will be asked to decide how the eight votes were cast, or will rule to throw them out altogether.

### LONE HIGHWAYMAN HOLDS UP MAIL

SEATTLE, Wash., Sept. 23.—Registered mail valued at several thousand dollars was obtained by a lone bandit who held up the engine crew of Great Northern train No. 355, two miles south of Mukilteo, unoccupied a mail and baggage coach and then made his escape after compelling the engineer to mail him to Brown's Bay near Meadowdale.

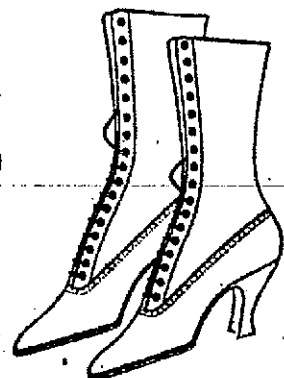

It is not known when the robber boarded the train. He appeared with drawn gun before the engine crew and forced them to stop the train. He then compelled unloading of the mail and baggage car, during which he took two shots at the fireman, R. N. Rayburn, who had thrown a hammer at him.

## ANNOUNCEMENT TO WOMEN

And, well worth reading.

There never was a season when the selection of your footwear involved more care. You feel that extravagance and waste must be avoided. You are faced with wartime prices, but we, today, are advertising moderately priced shoes in order to show you that we can meet your wants at a saving to you.

## UNITED BRETHREN CLOSE CONFERENCE

Work of Year Is Reviewed  
—Bishop Washinger  
Makes Appointments

RIVERDALE, Cal., Sept. 22.—The California Conference of the United Brethren in Christ closed its session here this morning after an unusually successful meeting.

After Bishop W. H. Washinger, D. D., of Portland, Ore., preached a stirring sermon on "Optimism" yesterday there was a fund of \$1351 raised to apply toward the endowment of Philanthropic Union College, Saturday.

College, Philanthropic Union College, Saturday, was held as a tribute to Rev. C. K. Westfall, who was a member of the conference, and Mrs. D. S. Shifflet and Mrs. Homer Gallaher, who were wives of ministers and all of whom died during the last year.

Rev. L. S. Woodruff of Stockton was elected superintendent for the coming year and the following appointments were made by Bishop Washinger:

Bell Memorial, Rev. W. H. Blackburn; Chico, Rev. J. Sherrill; Durham, to be supplied; Espartero, Rev. J. R. Parker; Grizzly, Rev. L. Hammond; Kern, Rev. E. Loeffel; Laguna, to be supplied; Live Oak, Rev. G. H. Smith; Los Angeles First, Rev. J. O. Todd; Los Angeles Second, Rev. J. T. Black; Los Angeles Third, Rev. T. W. Ringland; Palms, Rev. R. M. Zuck; Oakland, Rev. Ernest P. Kratzer; Riverdale, Rev. L. Harter; Riverdale, Rev. F. A. Zeller; Sacramento, to be supplied; Santa Ana, Rev. J. L. Parke; Selma, Rev. T. F. Martin; Stockton, to be supplied; Whittier, Rev. C. M. Mason; Buena Vista, Mrs. L. S. Woodruff; Evansville, Rev. C. A. Cook; P. Roseboro; Missionary to Japanese, Sacramento, Rev. Mary M. Bowen.

It is not known when the robber boarded the train. He appeared with drawn gun before the engine crew and forced them to stop the train. He then compelled unloading of the mail and baggage car, during which he took two shots at the fireman, R. N. Rayburn, who had thrown a hammer at him.

SEATTLE, Wash., Sept. 23.—Registered mail valued at several thousand dollars was obtained by a lone bandit who held up the engine crew of Great Northern train No. 355, two miles south of Mukilteo, unoccupied a mail and baggage coach and then made his escape after compelling the engineer to mail him to Brown's Bay near Meadowdale.

It is not known when the robber boarded the train. He appeared with drawn gun before the engine crew and forced them to stop the train. He then compelled unloading of the mail and baggage car, during which he took two shots at the fireman, R. N. Rayburn, who had thrown a hammer at him.

SEATTLE, Wash., Sept. 23.—Registered mail valued at several thousand dollars was obtained by a lone bandit who held up the engine crew of Great Northern train No. 355, two miles south of Mukilteo, unoccupied a mail and baggage coach and then made his escape after compelling the engineer to mail him to Brown's Bay near Meadowdale.

**Wash day!**

**And the Thor Washes**

**While the Housewife Does Her Marketing**

Wash day holds no terrors for the housewife who has a Thor in her home. She can go and do her marketing, or engage in other household duties while the THOR does the washing. All that is necessary is to put the clothes in the washer, start the machine, and in an hour's time the clothes are cleaner than they could possibly be if washed by hand—and ready for the line. Come and see this machine demonstrated.

## MEN WANTED FOR COAST ARTILLERY

Qualified Men to Be Trained As Officers

Openings for technical men, both in non-commissioned staff positions and as officers are announced from Fort Winfield Scott in a statement inviting qualified men to enlist in the specialists' preparatory school.

The statement announces that courses of three months are offered to train men for the rated positions of master gunner, sergeant major, electrician sergeant and radio sergeant. From the students attending these courses, it is stated, the men will be selected to attend a future course at Fort Monroe.

Any man in the South Pacific Coast Artillery District who thinks he is qualified should apply now for induction. The following outlines briefly the preparatory knowledge which candidates should have and the subject matter courses.

**Master Gunner Course**—The candidate must be familiar with elementary algebra, through quadratic equations, geometry and elementary plane trigonometry. If he has had mechanical drawing or surveying he is a much more valuable candidate. The course gives instruction in all these subjects. Men with experience as draughtsmen, architects and surveyors find here their chance to use their training in winning the war.

**Sergeant's Major Course**—In this course only a few expert stenographers will be admitted. The candidates will be given either class instruction in army paper work, or will be put to work in one of the offices, where they can gain practical experience during their time.

**Electrician's Sergeant's Course**—Courses are given in algebra, geometry, trigonometry, theoretical electricity, cable splicing, fire control apparatus, gas engines and searchlights. The student must have a knowledge of elementary algebra, through quadratic equations and have at least a year of high school physics or the equivalent. The men needed for this course are those who have had either practical experience as electricians or cable splicers; or theoretical or practical electrical work in universities or technical schools.

**Radio Sergeant's Course**—For this course men must enter with a knowledge of algebra, through quadratic equations and theoretical electricity, unless they are expert radio or telegraph operators. The greatest shortage of men occurs in this course. Mathematical instruction through elementary plane trigonometry is given here.

The session of the specialists' school, which is closing sent over two hundred men to Fort Monroe for further training for the rated positions, and is sending sixty-five men to the Officers' Training Camp as candidates for commissions.

Applications are now being received for the next session of the school, and men who have the required qualifications should communicate with the commandant, Enlisted Specialists' Preparatory School, Fort Winfield Scott, San Francisco.

Beginning October 15 there will be held on the 15th of each month at Fort Winfield Scott examinations for entrance to the Officers' Training Camp at Fort Monroe. Since induction of men into the service is a matter requiring some time, and men must be inducted before taking the examination, application should be made as far in advance as possible.

Address all applications to the commandant, Enlisted Specialists' Preparatory School, Fort Winfield Scott, California.

## ENROLLMENTS DROP AT NORMAL SCHOOL

Fresno State Normal school opened for the fall semester yesterday with an enrollment of nearly 15 per cent less than last year so far as could be ascertained, according to President C. L. McLane. It was stated that the complete figures would not be known for a day or two as several students were expected to enroll in the next few days.

President McLane explained the falling off in the registration as the result of the displacement of labor caused by the draft, and the filling by girls of occupations hitherto held by men. The staff of the school is completed. The vacancy caused by the leave of absence during the war granted to Dr. Hiram W. Edwards, head of the science department, has been filled by the appointment of H. J. King, who for the past two years has been in charge of the science department of Auburn Junior college. Miss Grace Allingham, formerly of Oakland Polytechnic, has been appointed to the department of home economics.

President McLane said he had received a telegram from San Francisco yesterday asking him to communicate by telegraph with Washington to ascertain the equipment required for the soldiers who are to be stationed at the school.

## FOWLER VINEYARD SOLD FOR \$40,000

The sale of the 50-acre Edmund Good vineyard and fruit ranch, two miles east of Fowler, was reported yesterday by L. L. Cory, attorney for the Goods. The price was \$40,000. The buyers are George Jensen and L. J. Arant. About twenty-six acres are in bearing, Muscat vines, and the rest of the eighty is in peach and apricot trees. The trunks and equipment go with the ranch, and this year's crop to the family of Ronald Good, who lived on the place.

Ronald Good is now in the Canadian military service, having left several months ago. The ranch was bought some years ago by Edmund Good and his son came here to live on it and develop it. It is one of the best ranches of the locality. When he left for the front it was decided to sell to men who would be here to take care of it.

WHEN YOU WANT A TRUSS

Aidominal supporter go to Smith Bros. Drug Store. We carry the best trusses and fit the hard to fit. Private fitting room.

## FIREBAUGH SCHOOL MAY BE ERECTED

The Firebaugh school trustees yesterday applied to F. A. Homan, district chairman of the State Council of Defense, for a permit to erect a new school building. It was the first request for a permit under the newly organized building board. Mr. Homan will forward the application to the state board.

The Firebaugh district recently withdrew its offer to sell bonds, when it was understood the Priorities Board might prohibit any building operations to cost more than \$2,500. The Firebaugh school was to cost \$10,000 to \$12,000. The present building has been condemned as unsafe. A local edition of the school house. Schools in Fresno are far enough advanced in building that they undoubtedly will be completed.

## CHANGES MADE IN PLAYGROUND HOURS

The new schedule for the fall months was issued by the Fresno Playgrounds commission yesterday. The schedule, it is stated, goes into effect next Monday.

All the playgrounds will be open from 1:30 p. m. to 7 p. m. each day except Saturday and Sunday. On Saturday they will be open in the forenoon from 9 to 11 o'clock. In the afternoon from 2 to 6 o'clock, and in the evening from 7 to 9 o'clock. The hours on Sunday are announced as from 1:30 to 6:30 p. m.

## Y. M. PREPARES FOR NORMAL SOLDIERS

Preparations for making the Y. M. C. A. headquarters for the soldiers who are to be stationed at the Normal school are under way, according to George A. Forbes, general secretary of the association.

In order to have everything that will minister to the comfort of the men an appeal is being made for pot flowers, ferns and palms, rugs, old sofas that can be recovered, chairs, and any other things that will make the place homely and comfortable. Secretary Forbes asks those who wish to donate any of the articles mentioned to phone him at the Y. M. C. A.

# Fresno District Fair

## Oct. 1st. to Oct. 5th.

### The Most Magnificent Fair Ever Undertaken STARTS OCT. 1ST.

Are You Coming to Help - Make It a Success?

The most magnificent Fair ever undertaken is scheduled to take place at the Fresno District Fair Grounds from October 1st to October 5th.

This Fair will be a splendid War-Time Fair, with exhibits more wonderful than ever before shown, with entertainment features more pleasing than any you have yet seen.

This is a wonderful opportunity to "get together" and rejoice in our Victories. Aren't you coming to help make this Fair the most successful ever held?

Surely you are coming, for this is the biggest and best Fair of them all. We will be looking for you. Come early and stay late.

### AUTO RACES

#### With Famous Drivers

The last day of the Fair will draw thousands to see the big auto races. Championship races will be run, with world famous drivers. Some of the world-famous speed demons will participate. Don't miss the last day of the Fair. These races are well worth your while.

### A WARTIME FAIR

There will be so much of interest at the Fair, that it can well be called a "War Time Fair."

Of course there will be bands and music, and dancing and all other kinds of fun you can imagine; there will be military drills and other military features, and even the exhibits will have especial war time interest.

--With Wartime Entertainments

The fireworks are one of the big military features of the Fair. This year there will be shown, among other features, the night signals in use on the battlefields. Other entertaining events of a military nature will be staged.

### A Real Rodeo!

At last we will have the chance to see a real rodeo, with real cowboys and girls in all their daring stunts with horses—and their roping and riding. Four days of Rodeo.

--And Wartime Exhibits

All the Food and Stock exhibits, the tractor demonstrations, etc., will have an especial war time interest. These features promise to be bigger and better than ever before.

### MILITARY AVIATORS TO PARTICIPATE

An aviator from Mather Field will fly down to Fresno with a message from the Fourth Liberty Loan Committee. He will perform some thrilling air acrobatics.

## 105 NEW BOOKS ARE ADDED DURING MONTH AT LIBRARY

A hundred and five new books have been received at the Fresno county free library during the month of September. Twelve of these are fiction and the rest are non-fiction. The books are: "Harry Butters, R. F. A." is the intimate, affectionate home letters of this brave California boy who was partially educated in England. He joined the British army, was made a second lieutenant in charge of a battery and served from March, 1915, to the last of August, 1916, when he was killed in action. "Camion Letters" is a volume of letters written by young Americans who are members of the Field Service volunteered to drive the heavy transport trucks, or camions, of the French army. An excellent reference work for women who want to know how they can best do their bit and which includes a directory of leading women's organizations doing defense work, is the book by L. C. Clark on "American Women and the World War."

In J. W. Gerard's "Face to Face with Kaiserism," he writes, "What I want especially to impress upon the people of the United States is that we are at war because Germany invaded the U. S.—an invasion inconceivably conceived and vigorously prosecuted for years before hostilities began; that this is our war; that the sanctity of American freedom and of the American home depend upon what we do NOW."

Johnson's "Topography and Strategy in the War," contains an interesting method of explaining the strategy of the war. The author describes the topography of the various theaters of war so that the reader gets a general idea of the terrain, and follows it by a history of the campaigns in each district showing how the terrain affected the army movements.

"Serbia Crucified" is a book of four sketches by a young Serbian, Milutin Krunic, drawn from the tragic retreat of the Serbian army. A California writer, Michael Williams, who resides at Carmel has written a volume called "The Book of the High Romance."

The following is the list of the new books:

Abel, F. L. A. La Moderna, Comedias.  
Allen, James. The Heavenly Life.  
Bell, J. J. Kiddies.  
Bell, J. J. Kitty Carstairs.  
Bend, Palmer. The Smiling of the Rock.  
Blackwood, Algonon. The Promise of Air.  
Bradford, H. N. A League of Nations. "An unprejudiced consideration of the questions involved in a League of Nations as suggested by President Wilson, and a provisional outline for carrying it into effect. The latter part, dealing with economic problems of the situation opens a new field."  
Bravley, E. G. The Negro in Literature and Art.  
Brown, Alice. The Flying Teuton, and other stories. "The title story is an adaptation of the idea of the 'Flying Dutchman' to today, with a serious meaning in its development."  
Butters, H. A. Harry Butters, R. F. A.  
Cain, Hall. The Eternal City.  
Camion Letters.  
Coetzee, Charles. France, England and European Democracy, 1915-1916.  
Clarke, L. C. American Women and the World War.  
Clodd, Edward. The question: "If a Man Die, Shall He Live Again?"  
Cohen, A. J. When a Man Comes.  
Collins, F. A. The Fighting Engineers.  
Conference and classical studies in liberal education, Princeton, N. J., 1917. Value of the classics.  
Croy, M. S. Putnam's Household Handbook.  
Cushman, R. E. Excess Condemnation. (National municipal league series.)

## ITCHING BURNING DAY AND NIGHT

On Head. Scalp One Solid Scale. Cuticura Healed.

"An itching sensation started on my head and then little bumps came. When the bumps were scratched open, water would run out and my scalp became one solid scale. Such itching and burning I never felt, both day and night, and I would scratch in my sleep, and almost tear my head to pieces."

"I had this trouble about eighteen months before I used Cuticura Soap and Ointment. Relief was obtained at once, and in about two months I was healed." (Signed) Fred Burchett, Jr., Held, Oregon, Jan. 3, 1918.

Sample of Cuticura Soap and Ointment your every-day toilet preparations.

Sample Free by Mail. Address post-card: Cuticura, Dept. B, Boston. Sold everywhere. Soap 2c. Ointment 5c and 10c. Talcom 10c.

## California Oil

### NEW OIL WELL MAY CAUSE BOOM

FULLERTON, Sept. 23.—The Standard Oil Company has discontinued drilling at its Kramer No. 1 well at 2700 feet and will put the well on the beam. The hole has been perforated and the tubing and rods are going in, and soon this well, which has attracted the attention of operator throughout southern California, will be tested out and the results known. The well is situated on a good shale have constituted the formation of the last 100 feet, and as the well is lively with gas, a good production is looked for. A success of this well will enliven the local field to boom days of six years ago, and will open up several thousand acres on the eastern end of the field. This property was not considered much a few years ago, but the indications now in the Standard's Kramer has turned all eyes that way.

### DEVELOP OIL IN DEVIL'S DEN FIELD

BAKERSFIELD, Sept. 23.—Oil development in the Devil's Den district of Kern county not far from the Kings county line is continuing. F. C. Rhodes, pioneer developer of that district, is trying again. He will drill a wildcat well on section 25, 26-19, north-east between 8 mile and a half of the abandoned Commo well on the quarter section of section 31, 25-19, and approximately the same distance south-west of the also abandoned Pluto well on the northeast quarter of section 19, 25-19. Both these wells were under construction for years, must have cost fortunes, and the results were commercially nil. About five miles west and a little north of the Rhodes location the Marathon and the Little Jack Oil companies also drilled on section 19, 25-19, without success. About four or five miles west and a little south of the Rhodes location on section 24, 35-15, the Lacey Oil Company scored another failure. The Devil's Den Consolidated also spent money in Devil's Den, and failed. Years ago, too, the Spreckels interests spent fortunes trying to get commercial value in the Devil's Den. Lack of transportation facilities, past low prices of oil, and difficulties in drilling with equipment formerly available may have been strong factors in some of the past failures. Good showings are said to have been found in some of the wells, but not enough to justify operation.

### BRIEF OIL NOTES OF BAKERSFIELD

BAKERSFIELD, Sept. 23.—The Richfield gasoline compressor is now operating on the Elders property near Maricopa on gas from the wells in the hands of the United States oil receiver.

Well No. 10 on the Standard's McNeese lease, section 35, 31-23, has produced four million barrels since it was brought in, and is still doing 200 barrels daily. No. 10 was a gusher several years ago.

Temple No. 6 well at Montebello is finished at 2100 feet and appears to be another big one.

Pipe lines in Oklahoma have offered to supply oil to the refineries at 20,000 barrels daily. The offer is being turned down by the Standard Oil Company.

The Standard is seeking a lower sand on the Irvine ranch at the New River and is down 3191 feet with no oil, although it is close to the point where the Balboa had its big blowout of mud, water and little oil.

At Newport, the Liberty Petroleum is down 2095 feet and has what seems to be the heavy oil sand found in this district. The Liberty believes it can pump the well for 200 barrels of 12 gravity oil daily.

The Antelope Company of San Francisco has leased in southeastern Wyoming 1290 acres in the timberland and Bridger fields. The country is shallow, and it is hoped to get oil at 500 feet.

### CONFINE EFFORT TO REDRILLING

BAKERSFIELD, Sept. 23.—The Oil World prints the following: "No work other than redrilling is being done on any of the Standard's wells on the Kern River west front, and that is being centered on Nos. 3 and 4, on section 27, 28-27, where tests will soon be made. Operations in this locality, which have been going on for a number of years without any showing of a well have been most difficult, owing to a series of alternating sands with water formation. The tests now being carried ahead consist of the trying out of such and every sand, which means the cutting off of every individual water source. New development depends upon what the test of the wells already drilled show."

The trying formation and water troubles have been found by the Associated in its work at Lerdo, which is an extension of the Standard field, and its well has been cemented again and again without success. The several failures to get a successful shut-off in the Hale well at McFarland are beginning to lead to a fear that perhaps the same water trouble will have to be faced here, although the formation encountered in drilling was more encouraging and it was thought that the well was located beyond the zone of the Standard and Associated water troubles.

The west front is five miles north of Bakersfield, Lerdo is twice as far north of Bakersfield, and McFarland is twenty-five miles north of this city.

OIL MAN MEETS DEATH  
BAKERSFIELD, Sept. 23.—Chief Quartermaster August Topp, United States naval reserve, formerly employed by the General Petroleum in Los Angeles, was killed recently near Pensacola, when a red phone in which he was serving was caught in a heavy rain and wind storm and plunged into the bay.

### FIND HIGH GRAVITY OIL IN NEW SAND

LOS ANGELES, Sept. 23.—By cleaning out and deepening by a few feet the famous crater well in the new field near Ventura, the State Consolidated Oil Company has succeeded in developing a production of 125 barrels daily of oil testing 58 gravity. This is said to be the highest grade of oil ever found in the world. The company is now deepening another well in quest of the same sand.

At a point about 2000 feet from the famous State Consolidated well, the Shell Company of California has developed at 3200 feet some feet of sand carrying 30 gravity, and from the last forty-seven feet has produced seventy-five barrels daily.

## FREAR ATTACKS SECURITY LEAGUE

WASHINGTON, Sept. 23.—Investigation by the judiciary committee of the activities of the National Security League was asked by the House today by Representative Frear of Wisconsin, Republican, who was attacked by the league during the recent primary campaign in which he was renominated.

Representative Frear prefaced the introduction of the resolution authorizing the inquiry by a speech criticizing officials of the league, who include Ellhu Root and Alton B. Parker. Ninety per cent of the members of Congress have been branded as disloyal by the league, he charged.

## Um! Mother used KREAM KRISP

Of course she did! Mother knows that pie crust shortened with Kream Krisp won't hurt the youngster—or any one of the family. For Kream Krisp makes pie crust light, flaky and easily digested.

Perfect pie crust is only one of many perfect baking results you can attain by using Kream Krisp for shortening—the pure product of big, rich peanuts.

Kream Krisp is better than butter or lard for frying because it has no flavor or odor of its own and does not absorb either from food fried in it. For this reason it can be used again and again—which makes Kream Krisp highly economical.

Try Kream Krisp today for shortening—and in frying. Then you will be sure of its quality and satisfied with its economy.

BROWN COMPANY, Kream Krisp Department, Portland, Me.

## Purely Vegetable KREAM KRISP The Universal Shortening

## WEST SIDERS PLAN ACTIVE LOAN DRIVE

**LOS BANOS**, Sept. 23.—Every effort is being put forth to make the fourth liberty loan drive a winner for the west side quota, which is set at \$117,600. The quota for Merced county is \$18,900, of which \$1,300, Chas. J. Man-J-A. Joyce has apportioned the following committees:

Foreign language auxiliaries—Italian, Mrs. E. A. Schmitt; German, Jack Triglia and Mike Pernetti.

Portuguese—F. S. Garcia, chairman; Fred C. Machado, Joe Souza, Jose Furrado and Jos. Levisio.

Spanish—Mrs. M. L. Gaudin, E. E. Whittington; assistant, C. H. Bronaugh.

District chairmen—Los Banos district, including the city of Los Banos, Mrs. Wm. J. McQuinn; District of Arbura, Sunset district, Ed. Wood; Volta, Henry L. Menjoulet; Garbato, E. R. Tully; Monroe, L. E. Sarbo.

Nominating committee—Mrs. J. P. Hays, chairman; assistants, Miss Helen and Carmen Arbur, Margaret

Wood, W. E. Hureh, N. G. Cordell and Maude Tregger of Los Banos and Mrs. E. E. Wood of San Jose.

The West Side Adictory board consists of D. A. Leonard, J. E. McClelland, F. B. Marks of Dos Palos; R. F. Kerr, Bruce Greig, D. T. Haly of Chualar; C. W. Hawley, J. L. Toscanoni of San Jose; J. E. Blalock, J. E. Clynne, J. B. Place and B. A. Wilson of Los Banos.

Two speakers of note have been secured to address the public Thursday evening at the Lyric theater. Captain J. H. Hays, who has been in the front of the battle front in France, will be cordially received as well as J. Henry Denning, an orator of national reputation. Fireworks, civic unity singing and a band concert will precede the speaking.

On the evening of September 23 Judge J. J. Trabucchi of the Superior Court of Mariposa county, will deliver

**WILL COLLECT CLOTHING**  
TULARE, Sept. 23. — An office was opened today in the Ham building for the collection of clothing for the Belgians. Tulare's allotment of the 40 tons of clothing that the Pacific division must raise is two tons, and Tulare has never failed to reach an quota asked of it in war work. Medaimes Frank Anderson, Fred Schimmoel and Sam Bureau are on the staff.

mittee that has charge of the work here and one or more of these ladies will be on duty each day. Mrs. Schlimmel and Mrs. Burgan were in charge of the collections today.

## WANTED: CLOTHES FOR BELGIANS, ALL AGES

Oh, You Fresno! Come  
Across With the Warm  
Things

Nix on the Moth Shrap-  
neled Stuff-Too Draughty  
for This Draft

Have a heart, Mr. and Mrs. Fresno and all the Fresno kiddies, and give up some of your nice warm clothes, that are perfectly good, so far as wear and warmth are concerned, but still lack the style and freshness that you require for your personal use. Don't board these clothes and let the moths make shrapnel holes in them, but salvage them before such dire disaster, and let them do their "bit" by keeping warm Belgian grown-ups and little Belgiques. The Red Cross drive for warm clothing is on in Fresno, with a very busy committee urging people to a realization of what it will mean if warm clothes are not sent across the seas, and that right away. Herbert Hoover has urged the collection of tons of second-hand wearing apparel, and America is not going to fall short of the demand.

Not a home in Fresno, but that can give up some contribution or many contributions to the big packing boxes that stand hungry and empty at the central receiving depot in the Cory building, next door to the Railroad offices on J street, and every school and fire engine house will act as sub-receiving stations. It is desirable, of course, that as much as possible of the contributed material be sent to the central station, but the principle of the schools and the fire ladders are going to plow to the headquarters upon receipt of contributions in quantity, and some of the volunteer automobile corps will call for the articles and rush them at once to be packed.

Incidentally, there is a call for several more volunteer automobilists today.

Among the splendid contributions of yesterday, were two packing boxes filled with lovely little warm flannel things, for the little Belgian babies to snuggle in this winter, which Mrs. Walter Shoemaker and her friends had collaborated in making for this purpose.

And an important after thought to this is that should anyone have clothing, and be perfectly crazy to contribute same to the cause, and still lack the ways and means of delivery, phone to Red Cross headquarters in the Elderly building, at Post Office, a motor will be dispatched to mobilize the drafted things.

## Arrivals Overseas

Top—Arthur Brown, Zarah Dosdoorian, Lomas F. Moser.  
Bottom—Henry Dosdoorian, Peter Gleim, Wilfred Moser.

Mr. and Mrs. J. A. Moser of Mulaga have received word of the safe arrival of their two sons overseas. Lomas F. Moser is in the navy. He entered this service in December, 1917, and is in European waters. The other son, Wilfred Moser, enlisted in April, 1918, in the 48th Engineers, and was stationed at Camp Dix, New Jersey, until he left for Europe.

Peter Gleim has notified his brother, George Gleim of Fowler, that he has arrived overseas. He is a member of Company 16, and entered the army in June, and was stationed at Camp Kearny before leaving. He resided in Fowler.

Henry Dosdoorian and Zarah Dosdoorian are overseas, according to word received by J. A. Moser. Dosdoorian is in the navy, and is a member of Company 16, and entered the army in June, and was stationed at Camp Kearny before leaving. He resided in Fowler.

### NURSES NOW ON WAY TO FRANCE

The Misses Lena Young, Philippa Nelson, Esther Toach and Emma Le Gro have arrived at an Atlantic port en route for Europe. They were trained at Camp Bowie, Texas, after joining in the nursing service at Fresno.

## Best Big Sister in World is New Y. W. C. A. Slogan

Miss Maude Wolff, general secretary of the local Y. W. C. A., who has been in San Francisco attending the united war work campaign conference at the Palace hotel, has returned to Fresno with enthusiastic reports of the speeches given at the session. Miss Julia A. Sayre, president of the Y. W. C. A., who was also a delegate to the conference, will remain in San Francisco for a few days.

The conference was attended by delegates from seven different organizations, including: Y. M. C. A., Y. W. C. A., national catholic war work council (Knights of Columbus), Jewish Welfare Board, war camp community service, American library association, and the Salvation Army. There were about 100 delegates from northern California.

Miss Wolff stated yesterday that she was impressed with the intensity of spirit breathed at the conference for the union of service; and that no matter what faith, all are now working for one thing. Miss Wolff came back fully convinced that Fresno was going out on the war work drives not as separate organizations but as one for the morale of the soldiers.

In speaking of the new slogan of the Y. W. C. A., Miss Wolff says that everywhere in San Francisco it is heard, passing from person to person. This slogan submitted by Mrs. J. T. Lemos of San Francisco is "The best big sister in the world" and was adopted as the best of many hundreds of suggestions submitted from all parts of the country under the jurisdiction of the western department of the Y. W. C. A. Through the medium of posters and other methods of exploitation, the winning slogan is to be extensively used in connection with the educational campaign for the drive for war work funds in conjunction with the six other organizations.

Arriving in the north a day before the conference, the two delegates visited Camp Fremont, and were driven over the grounds by Logan Sayre, Miss Sayre's nephew, who has volunteered in the heavy service. After visiting the hospital house, Miss Wolff has returned with the belief that "they are much better than they are braggards to be." They also visited the Y. M. C. A. buildings. There are 13 at Camp Fremont, with one distinctively for the students in the United States that has a separate Y. M. C. A. for officers, although other camps will soon follow.

While in San Francisco, Miss Sayre and Miss Wolff, as representatives of the Fresno association, secured the services of Mrs. J. T. Lemos as new secretary for the local Y. W. C. A. Mrs. Belmer will begin her duties October 1.

### JOHN ADRIANI IS GASOLINE VICTIM

As the result of an explosion of the gasoline tank of his automobile, from which he received severe burns, John Adriani, aged 35 years, died at a local sanitarium yesterday morning. He resided at Chittenden avenue, several miles north of Fresno. The accident occurred while he was repairing the car.

He is survived by his wife, Mrs. Antoinette Adriani, and four children, Tuscania, Arlene, Paola and James Adriani, and a brother, Omara Adriani, of Fresno.

Funeral services are announced to take place at 9 o'clock this morning, in the Catholic church at 9 o'clock this morning. Interment will be in Calvary cemetery.

## LARGE INCREASE IN ALL SCHOOLS

Cadet Major Lawrence  
Hall Announces Com-  
missions for Year

With a general increase in practically every building, Fresno schools opened yesterday morning, having a total enrollment of 7,272 pupils. More students are expected to register during the week. The schools show the following enrollment: Columbia, 584; Edison, 240; Emerson, 578; Hawthorne, 433; Jackson, 269; Jefferson, 517; Kirk, 375; Lincoln, 173; Lowell, 378; Lowell, 330; Washington, 571; 378; Lowell, 330; Washington, 571; 6,227 for elementary schools.

The high school enrollment this year is 1400.

Thirty-five registered in junior college, including five or six boys who were not taken in the students' army training corps.

Superintendent Jerome O. Cross stated yesterday that it had already been found necessary to add some teachers in the buildings. Preliminary registration, he said, facilitated matters to such a great extent, that many of the schools started their work immediately yesterday morning.

Principal Smith of the high school called an assembly yesterday morning of the freshmen, at which time he told them of the opportunities of the school, the demands of the times in regard to patriotic work, etc., and the connection between the work of the school and the country at the present time. About 400 freshmen were present.

At 10 o'clock, the seniors, juniors, and sophomores assembled.

Cadet Major Lawrence Hall made arrangements to begin the drill this morning, and the following schedule is authorized: those taking drill the first period will report Mondays, Wednesdays and Fridays; those taking drill the second period report Mondays, Wednesdays and Fridays; those taking drill the third period report Mondays, Thursdays and Fridays, and those taking drill the fourth period report Tuesdays, Wednesdays and Thursdays. However, all cadets will report Tuesdays, Wednesdays and Fridays of this week, and afterward the new schedule will be enforced.

The following named cadets of the Fresno high school have been recommended for commissions as cadet officers: Lawrence F. Hall, to be cadet major; Charles E. Hall, to be first lieutenant; and Edmund Franking next after first lieutenant Charles Thunen; Earl Willard, first lieutenant.

### Optical Service

Why envy those who wear becoming, well designed, made and fitted glasses? You may have the same advantages. Crawford's Optical Service will mean much to you as a wearer of eye-glasses.
